

MORE SOVIET PLANES FOR EGYPT

WASHINGTON (WNS) --Three days after The State Department praised the Soviet Union for showing "remarkable restraint" in the shipment of arms to Egypt, a Department spokesman revealed that up to 10 additional TU-16 Badger jet recon-

naissance-bombers had been added to the Soviet "inventory" in Egypt. The planes, carrying Egyptian markings, are being piloted by Soviet crews. Department spokesmen would neither confirm or deny reports that the jets were supersonic or that

they would eventually be turned over to the Egyptians. But they said the Department would review the situation.

At the same time, Israel's Ambassador to the U.S., Yitzhak Rabin, after meeting with Joseph J. Sisco, Assistant Secretary of State for the Middle East and South Asia, told newsmen that Israel had the right to buy planes from the U.S. that are needed for Israel's defense and to maintain its "fighting and deterrent" capabilities. Earlier, reports that the U.S. would not supply Israel with Phantoms because of the Soviet "restraint" had been denounced by Israeli spokesmen and members of Congress.

ESCAPEE TELLS OF SYRIAN TERROR

NEW YORK (WNS) --With his back to news cameras and using a fictitious name to protect friends and relatives still in Syria, a 17-year-old Syrian Jew who escaped from the country four months ago described to newsmen the terror under which Syria's Jews live. The youth told of harassment, imprisonment, the forced commission of unnatural acts, beatings and other barbarous tortures.
