

ARAB TERRORIST BASE DESTROYED

TEL AVIV (WNS) -- An Israeli unit smashed into Lebanon for a second time recently to destroy an Arab terrorist base. In contrast to the first raid, when two Israeli soldiers were killed, there were no casualties in the second raid. The target of the second raid was a village named Kafra where the raiders destroyed two buildings used by terrorists in renewed attacks in re-

cent weeks against Israeli settlements. The raiding unit passed near a Lebanese army position but was not challenged by the army regulars. Informed sources said that in recent operations which were not publicized, Israeli troops demolished some 200 structures used by terrorists in Fatahland, the southern Lebanese area so designated because the Lebanese government has ceded effective control of that area to the Arab terrorists.

NO SHORTAGE OF U.S. RABBIS

NEW YORK (WNS) -- Rabbi Wolfe Kelman, executive vice-president of the Conservative Rabbinical Assembly, denied the contention of some delegates to the World Conference of Synagogues and Community Organizations (Orthodox) which met in Jerusalem, that the emigration of rabbis, cantors, and other spiritual and lay leaders from the diaspora to Israel had created a spiritual and lay leader-

ship crisis in the diaspora. Rabbi Kelman said that there is no shortage of rabbis available to serve "viable" Jewish communities in the U.S. and abroad.

At the conference, French Jewish leaders said that only 60 rabbis were left in France.
