**Unctad**

More than 100 nations have been meeting in Santiago, Chile since April 13 participating in UNCTAD III, the annual economic meeting of the United Nations Conference on Trade and Development. The purpose of the conference is to discuss means of increasing world trade and aiding the development of the so-called Third World Nations.

Shortly after the conference began, the Arab delegates demanded and were given the right to place on the agenda an item titled "The Economic Effects of the Closure of the Suez Canal." This, despite the protest of the head of Israel's delegation, Gideon Rafael, that the item was political in nature and would divert the attention of the delegates from the main purpose of the agenda.

However Cuban Foreign Affairs Minister, Raul Roa, declared Cuba's solidarity with the Arab nations of the Middle East against the Israeli invaders. The representative of China reiterated that his countrymen support the Palestinians and other Arabs against American-Israeli aggression, and there was a constant propaganda attack by the Arab delegates against Israel. Rafael reminded the delegates that the problems of the third World can only be solved by a one-world approach and that claims for universal freedom of navigation are incompatible with selective blockade measures, and that claims for freedom of trade and free access to world markets cannot coexist with trade boycotts or political intervention in existing trade relations.

Despite the propaganda attack leveled at Israel, the Chilean Parliament and press paid warm tribute to Israel on its 24th anniversary.

**Humane**

BY RABBI SAMUEL SILVER

There is a breed of American which pretends to love animals but really hates Jews. This cabal is on the lunatic fringe of the humane societies.

The group raises its vicious head frequently. The ploy is to introduce legislation ostensibly designed to spare animal suffering.

The real intent is to deny Jews kosher meat. The latest upsurge of this vicious group is a measure introduced into the House of Representatives by a Cong. Kenneth Gray of Illinois.

It's called H.R. 10487. In other countries innocuous bills which sought to modify slaughtering rules often were the prelude to others which simply wiped out kosher slaughtering.

Rest assured that the Jewish ways of killing

cattle are the most merciful, just as most Jewish rules are predicated on compassion for beasts as well as men.

With this in mind write your own congressman and urge him to stifle this new threat against Jewishness in our nation.

If you don't want to write a letter of your own, cut this out and send it to your congressman with a note, saying: I agree with the sentiments in this column.

PARIS (WNS) -- Sources close to the Rumanian Embassy here reported that the Soviet Union had not been informed that Premier Golda Meir of Israel had been invited to visit Rumania until after the invitation had been issued and accepted.

NEW YORK (WNS) -- Some 200,000 people marched down Fifth Avenue to Dag Hammarskjold Plaza opposite the United Nations on April 30 -- National Solidarity Day for Soviet Jewry -- where they held a mass rally and called upon President Nixon to utilize his trip to Moscow May 22 to help Soviet Jews achieve their right to live as Jews or to emigrate to Israel of elsewhere. Similar rallies and demonstrations were held in more than 100 cities across the U.S. and in England, Australia and Israel. Sixty Jews in the Soviet Union began a 30 hour hunger strike.

NEW YORK (WNS)-- The Jewish Restitution Successor Organization reported it had recovered additional heirless property in Germany, having already distributed nearly \$50 million for relief, rehabilitation and resettlement programs for the benefit of Jewish victims of Nazi persecution.

NEW YORK (WNS) -- The name of the late Protestant theologian Reinhold Niebuhr was removed from the masthead of Christianity and Crisis, the publication he founded in 1941 to encourage American participation in the war against the Nazis, as the result of protests by his widow, Mrs. Ursula Niebuhr, and his son, Christopher, against an anti-Israeli article which appeared in the March 20 issue by Prof. Israel Shahak about Israeli "oppression" of Jerusalem's Arabs.

was founded. On that same day, the armies from seven Arab countries attacked the one day old, new born state.

Our whole country turned into a military camp, and we defended ourselves with courage and faith and emerged victorious. Our first president Dr. Chaim Weizman said,

"Am fully convinced that all who have, and will become citizens of the Jewish State, will strive their utmost to live up to the new opportunity, which History has bestowed upon them.

It will be our destiny, to create institutions and values of a Free Community in the spirit of the great traditions which have contributed so much to the thought and spirit of mankind."

BY ELAINE WYNN

The Zionist revolution began with the work of many intellectuals, but it was Theodore Herzl, who began the plan for a Jewish homeland.

He advised the world that the solution for the Jewish problem was the founding of a Jewish State by international agreement.

The early Zionists, the pioneers who came here first bought land at very high prices, land that was an infested patch of dry desert with nothing by stoney cactus. They slept without roofs, battled with malaria, suffered thirst, hunger, sunstroke and harrassment - but they continued working without rest, full of spirit and hope - and songs.

Songs that expressed their sadness for their comrades shot by Arab snipers - and songs that lifted their hearts and spirits, like... (Hebrew Song)

It means, "We've come to our land, to build it and be rebuilt in it!" They drained the swamps, planted trees, set up Kibbutsim, and dreamed of creating a society - free from want and free from fear.

Then the country went thru a British Mandate in which the British Empire double crossed both Jews and Arabs.

Ane even restricted the immigration of the Jews that escaped the Nazi tortures and the Final Solution of the plan to exterminate all our race.

But the determination of our people and their couragous leaders and martyrs continued their resistance - until finally forced the United Nations to recognize the existance of the State of Israel.

BY JEAN WEINBERGER

Yes, we turned a barren partched desert of swamps and burnt stones into a flowering prosperous land of milk and honey. Our Rabbis tell us that his world stands on three pillars - "Our Torah - Our Work - and Our Good Deeds for our fellow man."

We opened our doors and accepted all the refugees, the broken-bodied, the wretched remnants of humanity, that were oppressed and thought to be the dirt, the soot, the dust of the earth, We took them into this land and revived them into a glorious country to stand up and be counted among the best of nations. A true democracy that believes in the dignity of man, built on righteousness - and justice! Rightousness and justice for all...!

The dream of a hundred generations that lived before us has come true, we now have the land that was promised to us. The land that we have saturated with our blood! It is now a Jewish State - Israel -! And it is twenty four years old today!

Although we stand alone, without a true friend, surrounded by hostile enemies, threatened to be wiped-out, or thrown into the sea, "We arise like a lion!" "We stand firm, determined to remain a free people, in our country."

BY FLAHEVEN VALENTINE

This land ignited and lighted the roads to lead all the people of the world to the aspired realization of the brotherhood of man.
