NEW EMMIGRANTS MADE WELCOME

TEL AVIV (WNS) -- Government and Jewish Agency leaders are planning concerted campaigns of education and information to counter a rising hostility against new immigrants.

The hostility is based on the belief that new immigrants benefit at the expense of the settled population and the poor.

Finance Minister Pinhas Sapir told the Israeli Rotary Club that Israel's record growth would not have been possible "were it not for aliya."

ELECTRICITY HELPS CLEAN UP MORE POLLUTION THAN IT MAKES

Electricity helps change thrown-away cans and bottles into reusable materials at the Las Vegas Community Recycling Center. It helps reduce air pollution from factory smoke stacks. It's vital for water purification, sewage treatment, and to recycle waste of all kinds.

That's a good trade. Meanwhile, we're trying to make it even better. This year, Nevada Power Company will spend over \$2,500,000 to control air pollution alone. Because we live here, too!

• designed for businessmen, students, housewives

• full floating decimal system

• 16 digit decimal roundoff

If it got any brighter, we wouldn't be able to sell it... because it would almost be human! Right now, it offers features identical to electronic calculators costing many dollars more...yet it's only 2" high, 9" long, 6 1/2" wide. And it's easy to use on your pencil. The reason is in the super miniaturized solid state technology - the most advanced in the world today! And because it's been developed under the strictest quality control, and has an exclusive modular component system (no moving parts) - the C100 is one of the most durable calculators in existence. That's why you get a full, unconditional 1-year guarantee!
