

L.A. ORGANIZES PLANS FOR ISRAELI YEAR LONG SILVER ANNIVERSARY COMMENCING ROSH HASHANAH

An Israel Silver Anniversary Committee of Greater Los Angeles has been organized to spearhead area celebrations for the 25th anniversary of the establishment of Israel as a modern state.

Mayor Sam Yorty today declared the support of his office and the city for special events honoring Israel's 25th year as a member of the international family of nations.

Industrialist Victor

Carter was named chairman of the board for the Israel Silver Anniversary Committee. Co-chairmen are Albert A. Spiegel, President of the Jewish Federation-Council and I. Hershey Gold, General Chairman of the Los Angeles Committee for the State of Israel Bonds.

Carter said a highlight of the 25th anniversary celebrations will be a major two-week fair offering displays of Israel's achievements in art,

culture, industry, technology, commerce, entertainment, education, agriculture, archaeology and life styles.

"We are planning this exposition to enable all people to have the opportunity for a personal acquaintance with the vibrant flavor of Israel

being transplanted to Los Angeles," Carter said and added:

"All sorts of goods carrying a 'Made in Israel' label will be available in what is to be a tangible people to people exchange."

Israeli Consul General Yeheskel Carmel

conferred with Mayor Yorty and Carter in city hall Friday to initiate plans for various events to be incorporated in the 25th anniversary celebrations. Yorty said that the sister city status of Los Angeles and the southern Israeli port of Eilat will enhance

programs for the anniversary.

Under the Hebrew New Year Holiday of Rosh Hashanah, which is on September 9 this year, Israel's year-long 25th anniversary celebrations will officially commence on that date, Carmel said.

Quotes

BY RABBI SAMUEL SILVER

James Reston, of the New York Times wrote something challenging: "Something important is happening to the American mind. It is being drugged by facts and diverted from reality. Every hour and every day it hears and reads the most astonishing things, but it is not astonished. It is given the facts of the human condition but it doesn't feel them or doesn't think it can do anything about them."

And a Congressman, Rep. Charled Vanik, of Ohio, tells us: "The largest dollar value steel manufacturing company in the world carried on a total business of almost \$5 billion, had a net income of \$145,515,754, and paid absolutely not one penny of Federal income tax in 1971."

Astonishing? And here's what Dorothea Kent a nurse, recently wrote: "My tests show that your thyroid is perfectly normal. What you are suffering from is an overactive fork."

And an Indiana congressman, Rep. Andrew Jacobs, had this to say: "We now know that the secret plan of the administration to end the war turned out to be a bomb--one ton for every 60 seconds since this administration took office."

All these citations are to be found in one issue of a remarkable weekly periodical called Quote Magazine which I urge you to get. It is edited by a humanitarian named Wilton Hall Jr. who likes to share wit and wisdom with others. If you'd like a sample copy write to Mr. Wilton at Box 4073, Anderson, South Carolina, 29621.

CLEVELAND -- Author Elie Wiesel told the American Jewish Congress there was no conflict between promoting universal causes like peace and social justice and protecting specific Jewish interests.

NEW YORK -- 30 Jewish high school student leaders will visit Dachau, enroute to Israel this summer, as part of their educational experience in a six-week leadership Training Seminar.
