**BRYAN METCALF FOR STATE SENATE DISTRICT 3**

BRYAN METCALF, SECOND FROM RIGHT, IS SWORN AS HE FILED FOR STATE SENATE, BY STAN COLTON, COUNTY REGISTRAR, AT LEFT CLARK COUNTY DISTRICT ATTORNEY ROY WOOFER AND MRS. BRYAN METCALF, BEAM APPROVAL.

Bryan R. Metcalf has filed for a State Senate seat, District #3. He has lived in Nevada since his discharge from WWII.

He attended the University of Nevada, and received his Masters in Educational Administration; he has been an officer of UNLV Alumni for the past 4 years, since its inception.

Metcalf is the Field Representative of Burn National Detective Agency. His own agency, Metcalf Detective and Clark County Security are but a reflection of his own thinking; our

society functions only by using the guidelines of Law and order.

He is an Elk, and a member of the Constables Association of Nevada. A Past District Commander of the American Legion, he is now the Service officer of the AMVETS, interested in children through his teaching and as a veteran. He is a child Welfare Chairman for the Police Post #55. As a brilliant lecturer, he is a member of I.P.A. and usually attends the Washington D.C. Convention.

As asset to the comm-

unity, a friend to the needy, he hopes, if elected to be able to carry out some of his plans to keep up a sunny climate in Nevada.

At the filing ceremony for Metcalf, District Attorney Roy Woofter, told reporters: "Law and order and education must from now on be locked to the wheel of the election processes for the safety and welfare of all our citizens, young and old."

Metcalf, accompanied by his wife, Jessie Metcalf, told newsmen:

"Our cultural and educational explosions can catapult Nevada into National Leadership in 1973. Society now asks government and schools to solve all their problems. Legislators and educators must work 12 months per year, hand in hand, to accomplish this.

Mrs. Metcalf is in who who of American Women and is a tireless civic and educational worker in Southern Nevada.

**LARRY LUNA FOR UNIV. BD. OF REGENTS**

As an educator, in the Clark County School District and supervisor in the Teacher Corps of the University of Nevada the problems in education have always been of deep concern to me. As I purview the local situation, and in particular, the University system, I feel there is much to be desired. The University in any community should stand as a guardian and bulwark of equal opportunity for all members of that community. And yet as we look about us, we find a serious lack of commitment to this goal.

Therefore, after

**KEITH FOR STATE ASSEMBLY**

Sam Keith, Democratic candidate for the Nevada legislature, assembly district 5, Las Vegas, said that he will propose legislation for a consolidation form of government for Clark County.

Keith, a strong states' rights and consumer control law enforcement advocate, remarked, "I believe that consolidation is not solely the best form of government, but that it is the only workable solution to a 'desert metropolis on the move.'"

"The issue cannot be settled locally. Forced legislation by the 1973 legislature, with a hard look from all aspects of both city and county entities, for a complete package of the elimination of duplications of local government, will solve the problem. 'Heads will Fall,' juicy high salaried departments will 'go down the drain' and guidelines will be drafted for local officials without guesswork or wrong answers. The victor in the consolidation battle will be the taxpayer,

much serious thought, I have decided to seek election to the University Board of Regents in order to insure that the University is doing all that it can to be truly a University, representative of the total community.

If elected, I would direct all my energies to help the University meet its commitments to the community in all areas, with special emphasis in the areas of curriculum, teaching staff, and administrative positions. I would also encourage the con-

tinued and expanded funding of the Clark County Community College as a proven vehicle for county-wide educational opportunities for those who would otherwise never be able to realize their full potential.
