

Rosh Hashanah Message 5733-1972

BY JOE NUSSBAUM
PRES. CONG. AMER. JEWS FROM POLAND

In the Jewish tradition this is the time of year for taking inventory, concerning the moral emotional and political aspects of our national existence. To me it is also a very happy occasion, as I feel we are approaching the New Year 5733 with a measure of confidence and reassurance we did not know before.

The threat of war, both here and in Israel, seems less real... The troubled waters of Arab-Soviet relations... the modern day miracle of what hopefully will go into history as the exodus and re-birth of Soviet Jewry, despite of all the sophisticated forms of red tape, humiliation and export tax on body and soul that the Soviet bureaucracy is capable of inventing... are cause for optimism.

Our people in Israel and the projects we are

supporting are a source of great pride and reward to us. I was fortunate enough to have the opportunity of seeing and talking to our people on my recent trip to Israel.

I wish all our members and friends a year of health, happiness and peace within and without.
Le' shana tova!

BY MRS. MAX MATZKIN
NATIONAL PRESIDENT, HADASSAH

NEW YORK -- On this Rosh Hashanah marking the year 5733, Hadassah, the Women's Zionist Organization of America, Inc. extends greetings to our brethren in the U.S., in Israel and throughout the world.

We pray that this year may be the one which will see our brethren in the USSR released from the cruel and oppressive burdens which have been placed upon them and that they will be allowed to emigrate freely to the homeland of their father, Israel.

We pray that this year the peoples and the governments of the world will move closer to a just and a peaceful society for all.
