## IF THERE'S A HILL IN YOUR BILL, THE SEASON'S THE REASON!

If your electric bill has been high these past few months, it's because you have used more power for cooling. It's been that kind of summer... requiring a lot of air conditioning... day and night. We have tried to pass along a few tips during the summer, telling you how to cut your cooling costs. We hope they helped. Meanwhile, Nevada Power is delivering to you all the power you need... still at one of the lowest residential rates in the nation.
