Dear Mr. Tell:

May we ask a favor? Your suggestions and advice will be enormously helpful.

Mount Sinai Medical Center and the Wisconsin Society for Jewish Learning are sponsoring a Wisconsin Maimonides Award. It will be granted in the spring of 1973. Like the individual for whom the award is named, the recipient will be an outstanding Jewish physician who has also made creative contributions in the field of Judaica.

We solicit your nominations of names of such physicians whose careers, in your judgment, reflect the kind of interests which would justify consideration for the Wisconsin Maimonides Award. The Wisconsin award is modeled after a similar one created in 1965 for Sperus College of Judaica and Michael Reese Hospital of Chicago. They have been most cooperative in helping us with our program.

The name of Maimonides evokes and symbolizes a tradition in which the physician was not only an illustrious man of science, but also one interested in and at home in the humanities, philosophy, religion, etc. It is a tradition of which medicine can be proud and from which our entire society can draw strength and inspiration.

A special nominating committee has been created consisting of faculty members from the University of Wisconsin's Department of Hebrew and Semitic Studies, physicians, rabbis, to select the nominee. We are confident that there are many individuals who, because of their background, deserve serious consideration, and we look forward with great anticipation to your suggestions. We would appreciate your sending in the names of your nominees and a brief description of their backgrounds by January 25, 1973.

Thank you again for your assistance.  
Sincerely,  
/s/ JACK LERMAN

Dear Mr. Tell:

Your good friend,

of the bulletin in which we are proud to list you as a member of the bulletin's Advisory Board. Dear Sir:

I am confined in a Federal penitentiary. Being incarcerated and suffering from the malaise of loneliness in this iron-womb, with no family, no body whatsoever to chat with outside, makes this experience in stone-city a lengthy, languorous affair.

Thanking you in advance for any help you may render me in my request.

I remain,  
Sincerely yours,
