## WOMEN'S DIVISION RESOLUTION

WASHINGTON (WNS) -- The closing session of the 40th anniversary conference of the American Jewish Congress' Women's Division was marked by two resolutions on Jewish continuity.

One vowed "to search, to study and to learn about our Jewish heritage so that our personal lives and life styles will serve as role models for our families." The second resolution reiterated the organization's call on the American Jewish community "to reinforce and support all forms of Jewish education and Jewish cultural activities on all levels."

Other resolutions favored equal rights for

ISRAELITE women and minorities, amnesty for expatriates who refused to serve in the Vietnam war and unfettered emigration rights for Soviet Jews. Mrs. Jacqueline K. Levine of East Orange, N. J., who marched in Selma, Ala., for civil rights and in Washington for peace in Vietnam, was installed to her second two-year term as Women's Division president.

## ISRAEL'S CHIEF RABBIS FEUDING

JERUSALEM (WNS) -- Sephardic Chief Rabbi Ovadia Yosef's charge that he was "duped" into signing the marriage certificate of Hanoch Langer, has sharpened the feud between Israel's two chief rabbis.

Langer and his sister Miriam were freed from the taint of bastardy last month in a controversial ruling by Ashkenazic Chief Rabbi Shlomo Goren and a court of nine rabbinical judges which permitted them to marry their fiances.

Rabbi Yosef claimed the certificate has somehow been slipped among the scores of marriage certificates that he signs each week and that he signed it unknowingly.

## LETTER BOMBS

TEL AVIV (WNS) -- Ten new letter bombs were found in Israeli post offices this week, all of them mailed from Istanbul, Turkey.

Some of the letter bombs were addressed to widely-known addressees, such as Tel Aviv University's President Prof. Yuval Neeman, and the Begged-Or leather goods factory in Migdal Haemek.

Police authorities issued new warnings to the public.

## JET AIRPORT IN EILAT

JERUSALEM (WNS) -- Construction is to begin in April on a 140 million jet airport in Eilat capable of handling inter-continental jets, flying directly from Europe and other points, Yehuda Rabi, Civil Aviation Administration chief announced. He said it would be completed within five years. He also reported that IL 5 million has been spent to resurface the runways at Jerusalem's Atarot Airport, scheduled to open next month, so that it can handle medium-size aircraft of the Super Carabelle and Boeing.

## Are you a watt-wise consumer?

Reddy supplies all the electricity you need—but how efficiently, economically and environmentally it's used is up to you. Get the most for your electric dollar by following Reddy's "watt-wise" tips:

When purchasing electric appliances, buy the size and model that best suits your family's needs. Select appliances that give you the maximum BTU's for every watt used (check with a salesman if the power rating is not readily available)—a more efficient, if slightly more expensive, appliance will save you money in the long run.

Turn radios, televisions, phonographs off when no one is listening or watching.

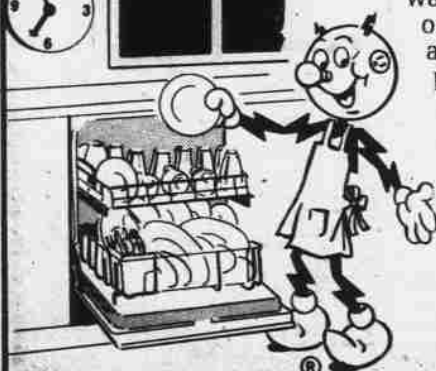

Check your hot water thermostat—is it unnecessarily high? Try to keep heating and cooling thermostats at one constant setting.

Keep all appliances clean and in good repair. Study instruction manuals; knowing what plugs, fuses and controls are involved could save you future service calls.

Plan to use once-a-day appliances (dishwasher, washer, dryer) after the evening meal or early in the morning. Save once-in-a-while appliances (vacuum cleaner, power tools) for weekends.
