

# Indestructible Jews

THE FIRST PAPERBACK PRINTING OF 200,000 COPIES OF MAX I. DIMONT'S NEW BOOK "THE INDESTRUCTIBLE JEWS" IS SCHEDULED FOR APRIL 1973 BY THE NEW AMERICAN LIBRARY. THE HARDCOVER, WHICH APPEARED ABOUT TWO YEARS AGO, IS NOW IN ITS THIRD LARGE PRINTING. HIS FIRST BOOK, "JEWS, GOD AND HISTORY", PUBLISHED TEN YEARS AGO, STILL CONTINUES TO BE A NATIONAL BESTSELLER WITH OVER A MILLION COPIES NOW IN PRINT.

BY MAX I. DIMONT

(CONTINUED)

Let us assume that the twentieth century Jews, standing in the lobby of history during the intermission between the second and third acts have chosen, like their ancestors, not to deny the past but to reaffirm it. They will now have to face a question which the Jews at the end of the first act did not have to face. It is the question of the function of the Diaspora in the third act. Will it have the same function as the second act, or a different one?

You see, something tremendously significant has happened. After 4,000 years, unique progression has now become apparent in Jewish history. At the end of the first act, the curtain

fell on the Temple in flames, Jerusalem gutted, and the Jews dispersed in a strange Diaspora.

Now, at the end of the second act, we have seen the reverse action taking place. We have seen the triumphant return of the Jews to Zion, Israel reborn, and Jerusalem once again the capital of an independent Jewish state.

Thus in the first act there was a Jewish state, but no Diaspora. In the second act there was a Diaspora, but no Jewish state. And now, as the third is about to unfold, there is both a Diaspora and a Jewish state.

Is there a significance in this evolution

## LAS VEGAS ISRAELITE

of events? Has the creation of the State of Israel eliminated the need for a Diaspora? Should the Jews in the Diaspora assimilate into the cultures where they now live? Should they continue to cultivate their Diaspora? Or does this simultaneous existence of Israel and the Diaspora mean that the Diaspora should be abolished and all Jews emigrate to Israel?

What has been the function of the Diaspora in the second act? Has it only been a refuge for Jews in time of trouble, or has it become a permanent citadel for Jews and Judaism?

And, even if the Diaspora has played a role as a savior of the Jewish people in the second act, will it serve an equally essential role for the Jews in the third act?

## SMOLAR'S BOOK ON SOVIET JEWRY

NEW YORK (WNS)

-- Boris Smolar, Editor-in-Chief - Emeritus of the Jewish Telegraphic Agency, and a long time observer of the Soviet scene, has applauded American Jewish leaders for their "strong campaign" for the right of Soviet Jews to emigrate, but charged the leaders with using "the wrong tactics" in their campaign to "maintain and strengthen the Jewish life and identity of those hundreds of thousands of Jews in the Soviet Union who cannot, or will not, emigrate from the Soviet Union because of various circumstances,

but who wish to live Jewishly."

## A COOL WAY TO SAVE MONEY

**JUST FIVE  
KEY STEPS**

**how to operate  
home air conditioners  
most efficiently**

**1** **KEEP FILTERS CLEAN ON YOUR COOL MACHINE**  
Dirty filters can cost you money for air conditioning you don't get. Also, a dirty filter causes unit strain and is a major cause of equipment breakdown.  
*Be sure you always have clean, fresh filters. Check them periodically, they are inexpensive to buy and easy to install.*

**2** **THERMOSTAT**  
What you set is what you get.  
The ideal home temperature is 78°F., according to air conditioning engineers. And, it's true, that it will cost you more for each degree that you cool below 78°F. A thermostat set at 72°F. would cost you considerably more for cooling than one set at 78°F.

**3** **SOMETIMES A CHECKUP IS IN ORDER**  
If you suspect that your air conditioning unit is not operating efficiently it will pay you to give a serviceman a call. Cooling coils and fans must be clean. Sometimes a thorough cleaning is all that is needed to restore top-notch operation.

**4** **INSULATION AND WEATHER-STRIPPING TO STOP AIR LEAKS**  
(Saves on winter heating bills, too.)  
If your home isn't properly weather-stripped and insulated it will let hot air in, cool air out, and waste dollars. Insulation and weatherstripping will also give bonus features of:  
1. A quieter home.  
2. A cleaner home.  
3. More uniform temperature throughout your home - both summer and winter.

**5** **REMEMBER TOO...**  
Blinds, shades or draperies block direct sunlight and reduce the amount of heat entering your home. Air conditioner compressors located outdoors and window units should be shaded from direct sunlight for best efficiency.
