**US JETS ONLY TO SAUDI ARABIA**

WASHINGTON (WNS) -- The U. S. Senate has approved an amendment which would bar Saudi Arabia from transferring any Phantom Jets it may buy from the U. S. to another country.

Sen. Henry M. Jackson (D. Wash.) who drafted the proviso along with Sen. Abraham Ribicoff (D. Conn.), said Saudi Arabia could not use the Phantoms to train non-Saudi pilots and is prohibited from making the planes available to "Egyptian nationals in any capacity."

In other action, the House Foreign Affairs Committee voted to provide Israel \$50 million in supporting security assistance. This is double the amount requested by the Administration, but the same as approved by the Senate.

Speaking at the Haifa Technion commencement, Dayan said the Middle East conflict continues because the Arabs have refused Israel "stretched out hand for peace."

Dayan also said that the Palestinian Arabs killed the idea of a separate Palestinian entity in 1947 when they opted to join Jordan instead of establishing the Palestinian state envisioned by the United Nations partition decision for Palestine.
