

REFORM RABBIS ADOPT RESOLUTIONS

Two resolutions were adopted at the recent conference of the Pacific Association of Reform Rabbis held in Palm Springs that express the concern of the more than one-hundred reform rabbis about Israel.

One resolution called upon Israeli premier

Golda Meir to oppose any attempts by any groups within Israel to limit religious freedom. This was in reaction to announced intentions of Israel's Religious (Orthodox) political parties to call on the government to recognize only those conversions performed by orthodox

rabbis and conducted in full conformity with the requirements of Jewish Law.

In another resolution, the body called upon members of their congregations to modify their observances of joyous events such as Bar and Bat Mitzvah, Marriages and others as a means of making Jews more aware of the plight of the Israelis and as a means of freeing funds for use in rebuilding Israel.

GENOCIDE TREATY FAILS AGAIN

WASHINGTON (WNS) After two votes in which the Senate failed to get the necessary two-thirds to cut off a filibuster by the opposition, the Senate decided to postpone action until next year on ratifying the international treaty against genocide.

In both votes 55 Senators supported the move for cloture while first 36 and then 38 Senators voted against it. This was the first

time the Senate debated the issue since the treaty was adopted unanimously by the United Nations General Assembly in Paris in 1948

as a reaction to the murder of six million Jews by the Nazis.
