

TERRORIST INCIDENTS INCREASING

TEL AVIV (WNS)-- Terrorist incidents have been increasing in Israel with the latest reported outrage being a hand grenade thrown at a site in Bnei Brak where Arab workers from the administered areas meet daily for job assignments in Israel. Twelve Arabs & one Jew were injured.

In Jerusalem a major disaster was avoided when a taxicab containing the booby-trapped body of its strangled owner was removed from crowded Ben Yehuda street and dismantled at a police station. The body of the owner, Zion Abergil 54, was found in the trunk of the cab along with a time bomb.

Earlier an explosive device went off in a Jerusalem bus several yards from the Prime Minister's residence, slightly injuring one passenger. Police said Premier Golda Meir was not at home when the explosion occurred.

In Rammallah on the West Bank, saboteurs knocked out the central telephone exchange. But in Netanya a mortar shell attached to a detonation device in a crowded park failed to go off.

In another incident, three Arabs carrying an explosive charge in a taxi from Gaza to Tel Aviv were injured when the charge went off as they were going through Rishon LeZion. Meanwhile Israel's police chief, Shaul

Rosolio said there is no guaranteed defense against terrorism and the public must learn how to live with it and how to protect themselves.
