

# Rosh Hashana, 5735

By Rose E. Matzkin  
National President, Hadassah

New York ... This is the year that was. A year of unprecedented treachery, when a people in prayer were attacked by the armies of the night. When our country was confronted with a crisis as significant to the Constitution as were the rending issues of the Civil War. But man is a survivor blessed with the intelligence to adapt. And as we take stock during the month of Elul -- from Rosh Hashana to Yom Kippur -- we are grateful;

In the aftermath of the Yom Kippur War there is a glimmer of hope for a Middle East detente and the possibility of peace.

Our new President talks of reconciliation and affirms respect for law and for the rights of the individual.

The problems facing the world's peoples -- war/peace, starvation/overpopulation, inflation/unemployment, energy/waste, individual human rights/totalitarianism -- require more than brilliant and inspiring leadership and cooperation. They cry out for justice based on

LAS VEGAS ISRAELITE morality. Any makeshift arrangements keep us teetering on a precipice of human despair that can only plunge us into violence.

May this year 5735 give our leaders the courage to do what is right. But a leader in the end is only as effective as the forces who back him up. It is our obligation, therefore, not only to tell our leaders what we expect but to be prepared to accept the sacrifices which may be asked of us while we strive to attain the great and just society to which we are committed.

WASHINGTON -- B'nai B'rith announced this week the appointment of Norman Buckner of Philadelphia as its director of field services.
