## CATHY POST FIELD FOR JUSTICE OF PEACE

Cathy Post Field, candidate for Las Vegas Justice -of -the -Peace, calls for giving back the Justice Court to "justice, truth, and the people" and doing with considerably less misinterpretation of the Law and Lawyers.

"The original concept of the Justice Court was that the person sitting on the bench was not supposed to be a lawyer," Mrs. Field pointed out at a recent AWRT meeting. "It was supposed to be a man or woman with a good sense of equitable justice and impartiality. In many states -- I might add that statistics prove that they are the states with

the smaller crime rate and with the most rapid handling of cases because of the J.P.'s often sit for as long as 60 hours a week in court -- there are no lawyers at all on the Justice (or Lower court) bench.

"The recent Water-gate scandal spelled practically a Waterloo for the legal profession," said Mrs. Field. "Only four of the twelve Presidents in the 20th Century have been lawyers and in forty years Richard Nixon was the only one who took every opportunity to emphasize what a sound legal thinker he was.

President's of our time, Harry S. Truman, sat in the role of county judge in Jackson County, Missouri, a position not unlike that of a J.P. Yet, President Truman had exactly the same amount of legal background I have - three years Pre-law, acquired by studying nights at the same time he was holding down a full-time job to support his family.

# ...Because Honesty Still Counts.

Now, more than ever, honesty does count. Citizens are concerned about the integrity of their office-holders. The voters have a right to know how a man measures up.

Dutton is such a man . . . worthy of your vote for Clark County Assessor. Why? Because he has proven himself, as director of the License and Revenue Department of the City of Las Vegas for the past 18 years . . . Those have been 18 faithful years of solid service.

There is no other job in the county closer to the one he seeks than the one Dutton has held these past years. As an administrator, he has proven himself in a highly sensitive position. As the chief enforcer of our city's licensing laws, he also has proven himself to be strong . . . yet fair.
