

ARAB WORLD-WIDE PROPAGANDA

LOS ANGELES (WNS) -- The Arab states are distributing anti-Semitic propaganda of the most scurrilous sort and distributing them on a world-wide basis, according to a report by the American Jewish Committee.

The study, titled, "Political and Religious anti-Semitism: Weapons in the Arab-Israeli Conflict" found that "there are now more editions of the notorious forgery 'The Protocols of Zion' published in Arabic than in any other language." The report noted that anti-Jewish propaganda, including the "Protocols" is being distributed in Africa, Asia and Latin America.

It also noted that "Moslem scholars have recently misrepresented and slandered the Hebrew Scriptures and attributed all manners of crimes to the innate depravity of Jews and their religious religion."

The report was presented at the AJ Committee's National Executive Council meeting here along with another report that blood libel charges levelled against Jews in medieval times still are being presented in ceremony or art in several Western European countries.

NEW YORK -- Kosher cooking can be just as exciting and mouth-watering as any other cuisine, say Mildred Miller and Bascha Snyder, authors of a new book, THE KOSHER GOURMET COOKBOOK, scheduled for publication on November 8, 1974 by Paul S. Eriksson, Inc., 119 West 57th Street, N.Y.C.

LABOR LEADER SAYS BAN ARAB OIL

NEW YORK (WNS) -- The United States "should impose an absolute ban on the import of any Arab oil whatsoever, and take whatever domestic steps necessary to make up the shortage," Lane Kirkland, AFL-CIO Secretary-Treasurer told the 100 delegates to the 51st annual convention of the National Committee for Labor Israel.

He said it is "better to have an oil shortage than a moral shortage." Kirkland said the United Nations General Assembly's invitation to the Palestine Liberation

Organization to address the world body "has set the scene for its own ultimate disgrace." He said that by providing the PLO with a platform, the UN "is showing that hijacking works, terrorism works, mass murder and infanticide works."

Dr. Judah J. Shapiro, who was re-elected for a second term as the National Committee president, said the UN moves "undermines the confidence" of the world's willingness to let the Jewish State and world Jewry live in peace and security.

LOS ANGELES -- As of November 12, 1974, the West Coast offices of the Jewish National Fund will be located at 6420, Wilshire Boulevard, Suite 430, new telephone number, 655-8100.

ADL SEEKING TO BAR PLO FROM U.S.

NEW YORK (WNS) -- In an attempt to keep the Palestine Liberation Organization leaders from entering the United States, the B'nai B'rith Anti-Defamation League has obtained a show cause order from a federal district court in Brooklyn in which the U.S. government is asked to show why the PLO leaders should not be barred from admittance.

The ADL suit says the PLO should be barred on the grounds that their "crimes of murder, acts of barbarism and savagery" put them in a category precluded from entry by U.S. law. The ADL lists 234 terrorist acts committed by the PLO and says that if the PLO leaders came to the U.S. it would endanger the lives and property of Americans.

As an alternative, the ADL suit asks that if the PLO leaders are admitted their movements and activities be closely watched and restricted. Lawrence Peirez, the ADL's

attorney in the suit, said the U.S. has in the past barred persons from attending United Nations sessions for lesser activities than the crimes that the PLO has admitted to committing.

PLO leaders Yasir Arafat and several others are scheduled to attend the United Nations General Assembly debate on the Palestine Question.

Meanwhile Israeli Foreign Minister Yigal Allon has instructed Israeli UN Ambassador Yosef Tekoah not to walk out when the PLO addresses the Assembly but to answer them and expose them at every possible moment.

John Scali, the U.S. Ambassador to the U.N. told a group of American Jewish leaders that the U.S. would not remain "silent and will respond to mis-statements" against Israel, according to Rabbi Israel Miller, chairman of the Conference of Presidents of Major American Jewish Organizations.

TEL AVIV (MDS) -- Israel's Minister of Health Victor Shemtov at a recent groundbreaking ceremony of a new Magen David Adom Station at Nev Yacob, Jerusalem, warned that in the light of the repeated Syrian threats and Arab resolutions at the Rabat Conference, Israel must be fully prepared to treat victims of possible missile bombardment of civilian centers.
