

**MEL EXBER CHAIRMAN OF NATIONAL JEWISH HOSPITAL DINNER-DANCE FEB. 16**

Mel Exber, president and general manager of the Las Vegas Club, has accepted the post of Chairman for the second annual Honor Award Dinner Dance of the Las Vegas Friends of the National Jewish Hospital and Research Center, set for Sunday, February 16 at the Dunes Hotel.

Exber, a resident of Las Vegas since 1947, also is vice president and part owner of the El Cortez Hotel, the Club Bingo, the Nevada Hotel, and the Western Hotel and Bingo Club. Active in a wide variety of humanitarian and civic groups, Exber's associations include the Nevada Resort Association, the Las Vegas Chamber of Commerce, Combined Jewish Appeal, Temple Beth Shalom where he is serving his fifth consecutive term as president and St. Jude's Ranch for Children where he is a member of the Board of Trustees.

MEL

He and his wife have two children, son Brady who attends the University of Nevada and daughter Laurie, a student at Valley High School.

The first Award Dinner last year honored Governor Mike O'Callaghan and Exber was an Associate Chairman of that event.

Almost 7,000 days of care, most of them free, have been given Nevada residents, regardless of ability to pay, race, or age at NJH, if afflicted with asthma, emphysema, tuberculosis

or allied chest ailments or immunological disorders.

The Denver-based hospital serves as an extension of, rather than a duplication of local medical facilities and specializes in treating "hard-core" victims of chest diseases. Almost one-third of the patients are children.

Proceeds from the \$200 - per couple dinner dance will help the National Jewish Hospital continue providing its life-saving program to this area.

NEW YORK -- Union of Orthodox Jewish Congregations of America President, Harold M. Jacobs, announced the publication of a Russian edition of the Jewish classic "essentials of Judaism" by Rabbi Dr. Leo Jung, of The Jewish Center of New York City.

NEW YORK -- A new National Jewish \$500 Book Award -- for an English translation of a Jewish classic -- has been established by the JWB Jewish Book Council.

**Solar energy can heat your home... today!**

Yes, solar heat is always present in the outside air, no matter how cold it is. Now, you can capture that solar heat and bring it into your home with the highly efficient heat pump. The heat pump's ability to siphon solar heat into your home is what makes it such an efficient heating system. By using it you need less electricity to warm your home. Strange as it seems, the heat pump is an efficient air conditioner too. By flicking your thermostat from "heat" to "cool," you throw the heat pump into reverse. Instantly it begins to absorb warm air from inside your home and circulates all the cool air you want. You're right. A heat-and-cool pump would be a better name for it. Your heating and cooling contractor can give you all the details. Or, call the Nevada Power Company and ask for the Customer Technical Services Department. We'd be glad to tell you about the energy-saving heat pump.
