PRESIDENT FORD DROPS ARMS DEAL FOR JORDAN. GOOD! HE'S GOING TO MIDEAST LATER THIS MONTH. IS THAT GOOD?

IF ISRAEL IS DROPPED FROM UNITED NATIONS, ALL U.N. ACTIVITY IN ISRAEL WILL BE SUSPENDED, INCLUDING U.N. PEACE FORCE AND U.N. SPONSORED GENEVA PEACE TALK.

JEWES AND OTHERS WITH INTEREST IN ISRAEL CAN CALL ON THE AMERICAN TELEPHONE AND TELEGRAPH COMPANY FOR A FAIR SHAKE DESPITE ITS \$100-MILLION LOAN FROM SAUDI ARABIA, A.T. & T. HAS TOLD THE AMERICAN JEWISH CONGRESS.

DISPUTE OVER MISSILE SALE TO JORDAN

WASHINGTON (WNS) The Administration and Congress are facing a major confrontation over the U. S. government's proposal to sell Jordan a \$350 million air defense system.

Both the Senate Foreign Relations Committee and the House International Relations Committee have postponed a vote

on the proposed sale to give the Administration time to come up with a compromise proposal. Congressional critics of the sale want the amount of weapons cut down because they argue the proposed sale would upset the military balance in the Middle East.

NORTHERN NEIGHBOR SHAMES US

By David Horowitz

UNITED NATIONS (WUP) -- Canada, which has distinguished itself here at the UN throughout the thirty years of the organization's existence as being fair and just on all issues affecting world problems and which, during the period of Israel's struggle for statehood, refused to follow Britain's anti-Jewish stance by putting up a valiant fight for the Partition resolution, has put the United States and other Western countries to shame by cancelling an important UN conference in Toronto because of the scheduled appearance of a PLO delegation.

This is the first time since the UN had granted the PLO observer status that a Member of this world organization should have taken such a bold and definitive stand against Yasir Arafat's terrorist gang. It is doubtful whether the United States, although it joined Israel and several other states in refusing to recognize Arafat when he appeared before the Assembly last year, would have shown equal courage had the conference taken place in America. It is a known fact that Washington did not oppose the opening of several PLO propaganda offices in several cities throughout the country.

Last week Canada's Secretary of State for External Affairs, Allan J. MacEachen, informed UN Secretary-General Waldheim that his country does not wish to proceed with the Fifth UN Congress on the Prevention of Crime and Treatment of Offenders which was scheduled to be

All About Town

Do you remember that \$64,000.00 jackpot at the El Cortez, we mentioned in last week's column?

It was hit just before the paper came out. A Dr. William Bannister of Sacramento was the lucky slot player who collected \$64,211.00 for a play of three quarters. His total investment was less than \$80. He took \$10,000.00 in cash and a check for \$54,211.00. The parsimonious medic did not leave a penny in tokens for the El Cortez attendants, nor did he tip the security guard who escorted him to the Union Plaza where he was registered. There is a sad part to this happy story.

A woman, who was determined to capture the big jackpot, which increased 10% with the amount played, had averaged about 16 hours daily for the past five months playing the machine. She had "invested" more than \$25,000 in the quest. On the morning it was hit at 11 a.m. she had gone home at eight, just three hours earlier. Naturally, she is a bit heartbroken, but the understanding is she will start all over again when the progressive jackpot reaches the \$20,000 area. We wish her luck.

There have been complaints that we should have taken up after Sun columnist Paul Price for not blowing up the Sheriff Ralph Lamb story about the incorrect birth date on the driving permit of Lamb's son. Let's set the record straight.

We do not reprimand Paul, Hank or anyone else for choosing not to write on a subject. We call attention to their failings on what they do bring to public attention, especially when there is an ulterior motive lurking in the background. Las Vegas is resigned to accept Paul's column. We regard it with the same reasoning given by a man in a small community, who was asked why he played in a game known to have crooked dice. "It's the only one in town." For the nonce, keep reading Paul, Las Vegans, and maybe some day we'll get lucky with real newspaper reporting.

As for Sheriff Lamb, we take our hat off to him. We have the same philosophy on life. There is nothing, absolutely nothing, we would not do in behalf of any one of our three sons. Of course, we hope the circumstances never become drastic, and they shouldn't, because of the upbringing we devoted to our children. But no matter what, they are our responsibility, not society's and we will stand by them, regardless.
