

MIAMI BEACH (WNS) -- The need for a reassessment and revolution in Jewish life, both in substance and form, was urged by Raymond Epstein, outgoing president of the Council of Jewish Federations and Welfare Funds to some 3000 delegates to the CJF's 44th annual General Assembly here. "We are trying to bring about a smoother meshing of... operations to overcome unnecessary duplication, to provide more community input and more accountability to the communities," Epstein declared. "I am not calling for a monolithic American Jewish community. I am calling for a streamlining of our present structure."

NEW YORK -- Children throughout the metropolitan area will be learning some of the message and history of Hanukkah in a special way once again this year, by dialing the telephone, (212) 999-2929, to hear a one-minute recorded message about Hanukkah edited by the Board of Jewish-Education of Greater New York.

LONDON (WNS) -- Amnesty International in a report on conditions in Soviet prisons and forced labor confirms that "Jewish prisoners are frequently singled out for special abuse" and that prison authorities deliberately provoke anti-Semitic acts against them by non-Jewish inmates.

NEW YORK (WNS) -- A seven-member delegation of the Israel Knesset, headed by Knesset Speaker Yisrael Yeshayahu, helped launch a three-day telephone cash campaign for Israel Bonds. The opening day resulted in the sale of \$1.5 million.
