ANTI-ISRAEL UN DOCUMENTATION FOR 20 COMMITTEE

UNITED NATIONS (WUP) -- UN Secretariat employees had worked feverishly for some ten days to compile a bulky 244-page document recording every single resolution adopted by the Security Council and the General Assembly on the Palestine Question since the year 1947 and up until the end of 1975 only to satisfy the whims of the 20-member anti-Israeli committee which had requested it in connection with their sinister aims against the Jewish State.

The document, which contains 139 resolutions -- beginning with the very first of May 5, 1947, dealing with the statements of the Jewish Agency leaders, and closing with the 139th of 15 December 1975 dealing with the Report of the "Special Committee to Investigate Israeli Practices Affecting Human Rights of the Population of the Occupied Territories" -- is introduced with the following note:

"To facilitate the work of the Committee on the Exercise of the Inalienable Rights of the Palestinian People, at its first meeting on 26 February 1976, the Committee requested the Secretariat to prepare, for circulation to its members, a document containing inter alia, all the resolutions and decisions of the United Nations relating to the Question of Palestine.

"The present document contains in chronological order all resolutions adopted and decisions taken by the General Assembly and the Security Council, from 1947, when the question was first discussed in the

United Nations, to 1975. In view of the urgency with which it was required, and in order to ensure the authenticity of the texts, the document has been put out in its present form."

Of course, with this unique document, it appears clear that the aim of the pro-Arab anti-Israeli committee in demanding it is to push the clock back to the year 1947 and thus attempt to resurrect all the then Arab arguments against the

establishment of a Jewish State.

What Israel's enemies failed to accomplish in 1947 they hope to achieve in 1976 with the sup-

port of the present UN majority.
