

**CENTURY HOMES DESIGNED FOR GRACIOUS**

As more and more home buyers insist on floor plans designed for gracious living and informal, but pleasant entertainment areas, the kitchen, dining and family room grouping becomes ever more important as the vital organ pumping excitement into that life style.

At Century West, the accent on gracious living has been incorporated into all four floor plans, but the four bedroom, two and one half bath, two story, Plan 4, is the epitome of that concept.

In that model, the family room and kitchen flow together in one large multi-purpose area and are separated from the kitchen by an over-size, low aer breakfast bar which contributes to the spacious feeling.

Off the large kitchen, which is equipped with an upgraded dishwasher, ample hardwood cabinetry and built-in continuous clean double oven, is a large walk-in pantry.

There is easy access to a large living room area and an amply sized two-car garage with entry directly from the interior of the home.

With all four bedrooms located on the second floor, the entire first floor of the home may be devoted to family living or entertaining.

Adding to the lustre and appeal of this particular plan is the separation of the bedrooms from the activity of those during the waking hours.

Main attraction on the second level of the home is the "Las Vegas Suite," a specially designed private area which includes a master bedroom, dressing room, full bath and loads of closet space. This isolated area was conceived to perfectly fit the 24-hour life style of the community and provides seclusion and quiet for day or night time sleepers without any interference of routine day-to-day activities in other parts of the house.

This lovely home also includes all of the special energy saving extras found in the other three plans including heat reflecting white roofs and exterior wall colors; reflective film on all windows with a five year guarantee; optimum in-

sulation in walls and ceilings; complete exterior door weatherstripping, zoned air conditioning and balanced power.

Inclusion of the most desired luxury appointments and custom-quality construction throughout complete the outstanding features and amenities to be found in all four plans and 12 elevations.

The project is located at Spring Mountain Road and El Camino, two blocks west of Jones Boulevard, one of the fastest growing and most desirable living areas in the county.

Schools of all grade levels and important shopping areas are located within easy walking distance or drive time and the area has quick access to major arteries to all parts of the city.

Century West homes are priced from \$38,500 and four models and the sales office are open daily from 10 a.m. until 6 p.m.
