The National City of Hope in Duarte, Calif. has been after Sid Hudson to be their "Man Of The Year" in Las Vegas...He hasn't said yes or no yet, but we can't think of anyone more prominently known in Vegas than Sid, who is certainly deserving of this very high honor... He is "Mr. Las Vegas" himself, seeing the city grow from a desert wasteland into the gambling and entertainment capital of the world. The City of Hope deals in humanitarianism...and very few people can match Sid in his philanthropic and humanism ideals.

A Night with the Weinbergers, Sunday, July 24, at Caesars (where else) at \$100 per, will be for the benefit of Temple Beth Sholom. It should be an affair to remember because Billie, who is leaving for Atlantic City, has been very active in many worthy causes during his stay in Las Vegas.

HAVE YOU EVER ACTUALLY SEEN A SECOND?

The Seiko Quartz gives you accuracy you can see because the second hand moves in precise one-second intervals. Conventional watches with sweep-second hands simply can't show the movement of time as accurately. Quartz watches are at least four times more accurate than any other type of wristwatch. The Seiko Quartz is accurate not just within seconds per day or per week, but within seconds per month. Shown: Seiko Quartz No. CM002M—\$225. Other Seiko Quartz models are priced from \$150 to \$575.
