Beware of Arthritis Quacks

"There are few treats when it comes to arthritis, but there are a lot of tricks peddled by quacks who are out to cash in on the pain and misery of the painful disease," warned Joan Rist, President of the Nevada Chapter of The Arthritis Foundation.

"Anyone who says there is a cure for arthritis is a quack," she stressed. And last year alone, these ruthless phonies robbed all - too - willing arthritis sufferers of an estimated \$485 million.

Arthritis is made-to-order for quackery. It is chronic, incurable and can mysteriously disappear. Faced with this discouraging outlook, patients often turn to questionable and even dangerous forms of treatment.

All arthritis victims should get in

HAVE YOU EVER ACTUALLY SEEN A SECOND?

The Seiko Quartz gives you accuracy you can see because the second hand moves in precise one-second intervals. Conventional watches with sweep-second hands simply can't show the movement of time as accurately. Quartz watches are at least four times more accurate than any other type of wristwatch. The Seiko Quartz is accurate not just within seconds per day or per week, but within seconds per month. Shown: Seiko Quartz No. CM002M—\$225. Other Seiko Quartz models are priced from \$150 to \$575.
