BEGIN PROVES HE IS FLEXIBLE

WASH. D. C. -- Prime Minister Begin has once again proven his flexibility and statesmanship in search of peace.

If pressure is to be applied now by the United States, it must be used to prevail upon Egypt to accept the peace treaty which it freely negotiated with Israel just a few weeks ago," declared Harold M. Jacobs in a presidential address to the National Convention to the Union of Orthodox Jewish Congregations of America. Mr. Jacobs called upon all men of good faith to "seize upon the selfless agreement of the Israeli government to forego its treaty demands as an example for all parties in the conflict to rise above petty issues and agree to make peace, at last."

Mr. Jacobs then turned to critical, internal issues confronting the Jewish community. He declared that "Political Zionism and the Hebrew language are no longer cementing forces creating bind-Orthodox leader stated that "neither tourism, philanthropy, nor investments will bring the two communities closer together. Only our eternal religious heritage and tradition offer the most powerful ties for uniting the spiritual and ethnic destinies

of Jews throughout the world to Israel."

Mr. Jacobs, in addressing the 1,000 lay and rabbinic leaders at the 5-day convention at the Capital Hilton, stated "the religious and spiritual heritage of the Jewish people was the key to Jewish survival through 2000 years of exile and is still today the principle foundation for the strong and permanent relationship between the State of Israel and Jewish communities throughout the world."

The orthodox leader maintained that "the fundamental goals of political Zionism have largely been fulfilled and it is now time to shift our major focus of attention from political matters to religious, spiritual and educational activities. Political Zionism has indeed rendered extremely valuable services to Israel prior to its birth as a modern state and during the early years
