

JEWISH NEWS BRIEFS

JERUSALEM (WNS) -- Energy Minister Yitzhak Modai has gone to Mexico for talks aimed at ensuring Israel's oil supply from that country. Israel buys one million tons of oil annually from Mexico. Its annual consumption is seven million tons.

UNITED NATIONS (WNS) -- Israel has protested to United Nations Secretary General Kurt Waldheim and the UN Secretariat, the listing of the "terrorist" Palestine Liberation Organization as "government" in an official UN publication. Israel said this use in a publication of the Special Unit on Palestinian Rights at the Secretariat "is further evidence of the fact that the integrity of the UN Secretariat has been gravely compromised, and that the unit is a pliant tool in the hands of the terrorist PLO."

JERUSALEM (WNS) -- Residents of Kiryat Arba have urged the government to confiscate 12 Arab houses in the neighborhood town of Hebron which were owned by Jews in the past and move Jews into them. In addition, women from Kiryat Arba who have been occupying the old Hadassah building in Hebron want that building to be the first to be resettled by Jews.

WASHINGTON (WNS) -- Forty Congressmen have signed a letter to Gen. Alfredo Stroessner, President of Paraguay asking him to locate Josef Mengele, the "Angel of Death of Auschwitz" and revoke his citizenship and extradite him to West Germany for trial as a Nazi War criminal. The letter noted that Mengele, who became a citizen of Paraguay in 1959, "stands accused of the torture, disfigurement and murder" of at least 200,000 children at Auschwitz and as many adults.

TEL AVIV (WNS) -- The two Israeli Arabs killed when a bomb exploded in their pickup truck outside the central bus station here June 24 have been identified as Ismail Yousouf, 43, a dealer in Arabic books in Kfar Kassem village, who owned the truck and George Theodori, 24, an employee of the East Jerusalem Electric Co. Security sources said they were victims of their own device which they had intended to plant in the bus terminal. Neither had a record of past contacts with extremist or terrorist groups.

NEW YORK (WNS) -- Harry Hurwitz, Premier Menachem Begin's information advisor, stressed that the "terms of the peace agreement between Israel and Egypt are working satisfactorily." He told a press conference at the Israeli Consulate that the process of normalization between the two countries is being achieved quicker than anticipated. Hurwitz said that there will be "ups and downs" and "advances and setbacks" in the autonomy talks now going on but he believed the differences will be solved because "there is a desire on both sides to make progress."

NEW YORK (WNS) -- Not a single textbook in current use by high schools in the United States adequately covers the subject of the Nazi Holocaust, according to a report presented to the meeting of the National Commission of the Anti-Defamation League of B'nai B'rith. The "analytical examination" of 43 texts shows "the failure is quantitative as well as qualitative," Theodore Freedman, ADL's program director, said. The study was conducted by Glen S. Pate, an assistant professor in the department of secondary education at the University of Arizona.
