July 4th Reminder

The Fourth of July, Independence Day, is a good time to remind ourselves of the principles for which this country stands: freedom and democracy, the belief that all men and women are created with equal rights, the sanctity of the law, and the guarantee that everyone is entitled to strive for a better life.

It is these principles that have allowed Jews and others, despite difficulties and even prejudice, to flourish in the United States. It is these principles that also tie us to our sister democracy in the Middle East, Israel.

When all the rhetoric is taken away, Americans, Jews and non - Jews, have suported the State of Israel because the Jewish State shares with the U.S. common values of democracy and justice. Whatever the necessities of international politics, American policy must owe its first allegiance to preserving democracy in the world, especially now that the number of democratic governments is shrinking

This is why those who would sell out Israel's interests for oil are undermining this country, too. By the same token, Western Europe which also shares our democratic values is subverting them by its flagrant appearement of the Palestine Liberation Organization.

Americans have long realized that the preservation of Israel is essential if we want to preserve our own country's values and freedom.

Behind The Scenes By DAVID HOROWITZ A World-Union From Foatur

Jerusalem Again

UNITED NATIONS (WUP) -- The latest bitter Security Council debates over Jerusalem and Israel's right to her capital raises a number of questions which, in the view of this writer, can never be answered except through a basic understanding of the Biblical prophecies so strictly adhered to by our devout President Jimmy Carter. It should be incumbent, therefore, upon him to take another closer look at the Middle East situation, that is, of course, if he still believes in the Creator and in the Book of Books. Your correspondent is of the opinion that he does.

And we wonder: why do so many nations of the world object to Israel's claim to Jerusalem, indeed to the entire Holy Land? Their anti-Israel position here in this world organization as reflected in their votes appears to confirm that, for some mystic reason, Jerusalem, as in antiquity, continues to remain a focal point of contention.

As this writer sees it, Jerusalem is not a mere, billion in a land little considered and . Israel . them set out to abliterate the name

Exodus '80

neglected for almost two thousand years until its legitimate children returned in our time and resurrected its waste and barren hills and valleys and deserts as decreed in the Blueprint. It has been and is a global center of an eternal struggle between good and evil, between the children of light and the sons of darkness, between the forces of the God of Abraham and the negative, Satanic elements.

There is a passage in the Bible, namely, Zechariah chapter 3, verse 1, which translation from Hebrew has never been rendered

literally correct. It reads:

"And he showed me Joshua the High Priest standing before the Angel of the Lord, and Satan standing at his right hand to accuse him. And the Lord said unto the Satan: 'The Lord rebuke thee, O Satan, yea, the Lord rebuke thee that hath chosen Jerusalem ...

In the light of this and other biblical passages, we may now understand why the nations, under a Satanic spell, are making so much ado over Israel's presence in Jerusalem and in

the Holy Land as a whole.

Thus, it appears clear, the world has reached a climactic period in this struggle which had its inception in Genesis and the showdown "The main issue is is fast approaching. Jerusalem, the City of David. It is Zion that will spark this showdown as blueprinted in Ezekiel 38 - 39 and Zechariah 14. It will be the concluding chapter of the age - long conflict. Jerusalem is destined to become the 'crater' that should once and for all and at last 'convince' a skeptical world of nations including all the children of Abraham that the Rock of Israel is a Reality and that Eloha's mighty 'Arm' is executing His word to the letter respecting both His people Israel and the 'ty-ranny of the majority' now rising against them.''

This is the warning your correspondent duced with this passage from Psalm 83.

"Thine enemies are in an uproar; and they that hate Thee have lifted up their head. They hold crafy converse against Thy people, and take counsel against Thy treasured ones. They have said: 'Come and let us cut them off from being a nation, that the name Israel may be no

more in remembrance ' Isn't this exactly what we are witnessing the murderous PLO along with their many 'partners - in - crime' to be attempting to do here in the halls of the UN and isn't this what the anti - Israeli votes portend in both the Security Council and the Assembly? The name of Israel is regularly omitted and replaced with the word Zionist in a derogatory manner. And now at the latest Council session Ambassador Blum, in a strong rebuttal, condemned the Foreign Minister of Pakistan -- who had introduced the item on the agenda -- for having attempted "to obliterate even the name of Jerusalem, the Hebrew Yerushalaim, and substitute the Arabic Al - Quds - Al Sharif. The attempt to obliterate this historical name is not the first of its kind. It was preceded by, among others, that of Rome, an imperialist power of another age, which, having crushed Jewish independence and sovereignty in the Land of

The Hilton executives (who are they now anyway) dreamed up a new gimmick that deserves mention. Every out - of - towner that checks in during the month of July can stay for an equal amount of days free in December before Christmas.

Back to the Sahara again, every tourist that shows the proper receipts, can get a gas refund that equals their paying 99 cents a gallon instead of the already spent \$1,30 or \$1.38.

A gambling price war, unbelievable for a town that everyone thought was recession proof. Next thing you know they'll be giving you breaks at the tables. Maybe Caesars Palace will settle for half of your losses at the end of the day. Possibly, the Landmark crap pit will tell a customer that they'll overlook a 7 - out every hour on the hour. Or the Royal Americana will let you peek at the dealer's hole card every five minutes out of the hour. Sounds preposterous! Anything is possible when the tourists have a hard time finding their way to our fantasyland. Maybe, we'll even get to see a smiling pit boss. Well, that's stretching it a bit too far, wouldn't you say? See you later.

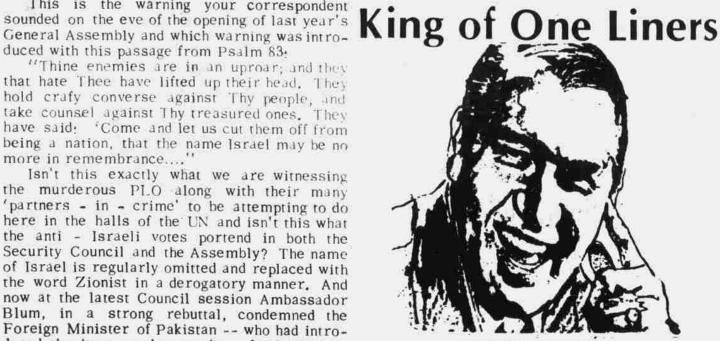

of the country and of Jerusalem, renaming the latter Aelia Capitolina

But, as we have pointed out here on a number of occasions, "Israel's enemies are overlooking what the biblical blueprint tells of the fate that will befall all those malcontents who make the City of David their burden, Zechariah sums up this fate with these words:

"Behold, I will make Jerusalem a cup of staggering unto all the peoples round about... And it shall come to pass on that day, that I will make Jerusalem a stone of burden for all the peoples. All that burden themselves with her shall be sore wounded ... And all the nations of the earth shall be gathered together against

Let President Carter and his aides take note: the Hebrew Bible does not lie! This Blueprint of life has proved itself through the ages. It is alive, and the Watchman of Israel is seeing to it that His Word as uttered by the Prophets will be fulfilled.
