

A Message For Rosh Hashana

BY HERSCHEL W. BLUMBERG
NATIONAL CHAIRMAN,
UNITED JEWISH APPEAL

Each year at Rosh Hashana we pause to examine the direction of our lives and the value of our deeds, to weigh promises kept and those still unfulfilled. It is a time to reflect on our responsibilities to one another, and to the heritage of hope and faith that unites us.

Rosh Hashana is an expression of the essential themes of Jewish life. It is a celebration of the cycle of rebirth and renewal and a solemn affirmation of the oneness of our people under our covenant with God. These themes shine through the words of God to Ezekiel in one of the darkest hours of exile: "I will give you

one heart, and I will put a new spirit within you."

This year we are challenged to reawaken that "new spirit" and to renew our commitment to the "one heart" that beats around the globe. Our challenge is sharpened by a world environment which threatens to dishearten and dispirit us. In the Soviet Union, in Syria and Argentina, in Ethiopia and Iran, thousands of people are living under conditions of present or threatened oppression. In Europe, Western governments are pursuing anti-Israel policies that could undermine the Middle East peace process and multiply the burdens of the people of Israel as they continue to strive for a secure, peaceful future, a life of quality and a just and equitable society.

Living and flourishing in our free, dynamic society, we American Jews have the strength and the means to meet this challenge forcefully and effectively in the year ahead, through the lifeline of hope, compassion and brotherhood forged 41 years ago by the United Jewish Appeal.

During the period of the High Holy Days we should feel gratitude for the bounty of our lives and we may take pride in our good works. We also must reaffirm our heritage by renewing our commitments to our people in Israel and throughout the world.

BEGIN SENDS LETTER OF PROTEST TO MUSKIE

JERUSALEM (WNS) -- Premier Menachem Begin has sent U. S. Secretary of State Edmund Muskie a written protest over the United States abstention in the United Nations Security Council on the resolution censuring Israel for the Jerusalem law and calling on countries with embassies in Jerusalem to move them. The letter was reportedly a strongly-worded rejection of the U.S. claim that the Jerusalem law was a unilateral move which

harmled the Middle East peace process.
