SHEKEL IS LEGAL TENDER IN ISRAEL

TEL AVIV (WNS) -- The Shekel has now replaced the Pound as the official currency of Israel. Banks and the stock market were closed for three days to allow for the changeover for the new currency which is equal to IL 10. The Shekel is also worth about 17 cents in U.S. currency.

Economists do not believe the currency

will help stem inflation unless other stringent measures are taken.

Meanwhile, there seemed to be confusion among the public although the change had been announced last February. Many people did not have the new money and most had not changed their check books.

JUSTICE OF THE PEACE #5

RE-ELECT
Assemblyman
MIKE FITZPATRICK
District 12 • Republican

Mike (L) and Gov. List discuss upcoming legislation for the 1981 session.

In 1978 Mike promised to better our quality of life by aiding our police. Mike FitzPatrick was the only legislator to step in and help settle the funding dispute between Sheriff McCarthy and the Police Commissioners to provide police protection for our neighborhoods.

While continuing to support tough criminal laws to protect our neighborhoods, Mike FitzPatrick feels that adequate mass transit is a necessity, not a luxury, and strongly supports a drastic overhaul of our mass transit system.

RE-ELECT ASSEMBLYMAN
MIKE FITZPATRICK
He keeps his promises!
