

JEWISH NEWS BRIEFS

TEL AVIV (WNS) -- The Tel Aviv Stock Market recovered strongly after three days of panic selling. Some market officials believe the rush to unload stock was mainly by small investors nervous over the economy in general and the fact that their shares had reached prices out of proportion to their real value. But the officials could not explain why the selling occurred at this time. Others insisted there had not been a "panic," only a normal shake-out.

MEXICO CITY (WNS) -- Mexican Defense Minister Gen. Felix Lopez announced here that his country will not buy the Israeli-made Kfir jet fighter for its air force, but he praised the Israeli army as "one of the best in the world." Lopez led a 16 - member military delegation on a six day inspection of Israeli military installations which included a look at the Kfir production lines at Israel Aircraft Industries.

JERUSALEM (WNS) -- The Knesset voted to hold the national elections on June 30.
