

# Hadassah Message 5742

BY FRIEDA S. LEWIS

BY FRIEDA S. LEWIS, PRESIDENT  
HADASSAH, WOMEN'S ZIONIST ORGANIZATION OF AMERICA, INC.

The advent of the New Year, 5742, furnishes us with the opportunity to review the record of the past year as we prepare for the New Year. As a Zionist organization, Hadassah is deeply involved in the upbuilding of Israel, the spiritual home of Jews everywhere. We look back on the events of the past year which were momentous in their impact on the people of Israel, the Jews of the Diaspora, and the entire world.

Israel's decision to destroy the nuclear facility in Baghdad at first brought shock, offense and trepidation. As more information is available, it becomes apparent that Israel's blow against this facility was a blow in behalf of free people everywhere, and we should be grateful that the government of Israel took this courageous decision.

The PLO bombing of northern Israel threatened the peace and security of the entire world. The desperate situation of the people who had to live under the threat of death at any moment affected the security of Jews everywhere. We are grateful to our government for its role

in securing the ceasefire.

Now we herald the beginning of a new relationship between Israel and the United States where the formal trappings of interchange of information, facilities and strength will bring new reinforcement to the struggle against Soviet expansion and imperialism. We hope and trust that all of this will accelerate the process of peace, that this year other Arab nations will join the peace process.

We wish the parties great success in their discussions on autonomy and we hope that with the Prophets we will be able to say there will be war no more.
