

**ISRAEL WILL NOT CONSENT TO PEACE BREACH**

JERUSALEM (WNS) -- Defense Minister Ariel Sharon declared that Israel would not consent to any violation of its peace treaty with Egypt, large or small. He predicted that Egypt would continue the peace process even after Israel completes its withdrawal from Sinai next April while at the same time warning that Israel has taken all precautionary measures "to avoid a disaster" if his forecast does not materialize.

Sharon, addressing a group of Jewish leaders from North and South America, Europe and South Africa, said Israel would also not tolerate the manufacture or possession of nuclear weapons by an Arab state, a Syrian invasion of south Lebanon or the deployment of Iraqi forces in Syria. He exhorted the group to extend greater political support to Israel in its struggles. "You must raise your voices and put pressure on your governments," he said.

He also charged that in the last few months, the U.S. has been supplying Iraq with arms, not directly but through Saudi Arabia and Jordan. "The fact that they are

supplying this very sophisticated weaponry to the Arab world puts us in a very difficult situation," he said. "We understand that the U.S. must supply weapons to the Arabs. The question is, why must it be the most sophisticated weapons?"
