

NAZI GIVES UP U.S. CITIZENSHIP

WASH. (WNS) -- The Justice Department agreed to withhold deportation proceedings for the time being against Otto Albrecht von Bolschwing, a former Gestapo official involved with Adolf Eichmann in the liquidation of Jews who voluntarily gave us his U.S. citizenship, acquired illegally in 1959 by concealing his Gestapo connection.

Allan Ryan, who heads the Justice Department's Office of Special Investigations (OSI), said deportation was waived for the present because von Bolschwing, 72 has a health problem which

impairs his ability to assist in his defense. The agreement, filed in U.S. District Court in Sacramento, California, must be approved by the court to be final.

Von Bolschwing was one of 11 former Nazis residing in the U.S., against whom denaturalization proceedings were underway before he relinquished citizenship. In doing so, he admitted only to membership in the Nazi Party. But his Gestapo associations have been documented in "Nazi War Criminals in America: Facts, Action" by Charles Allen Jr. and Rochelle

Saidel - Wolk, published last year.

According to the writers, Von Bolschwing worked as an agent for Eichmann's office in the SS subsection of the Reich Central Security Office, Jewish Affairs. He provided intelligence on Jewish organizations and their leaders to prepare for deportations in implementing the "Final Solution." Court papers filed against him last May stated that he participated in Nazi persecution of Jews in the 1930s and 1940s, notably as the head of the Gestapo's intelligence section in Rumania.

ANTI-SEMITIC ACTS RISE IN MASS.

BOSTON (WNS) -- An official of the Anti-Defamation League of B'nai B'rith has charged that law enforcement agencies are not taking seriously the alarming upsurge of anti-Semitic acts of vandalism and defacement of property reported in Massachusetts during the past year. According to Leonard Zakim civil rights director of the ADL in New England, the number of such incidents in the state nearly doubled, rising from 34 in 1980 to 64 in 1981.

ADL records showed that most of the complaints were received from persons in 32 towns in Massachusetts. An ADL audit ranked this state third in the nation

with respect to anti-Semitic manifestations. Susan Feinberg of The Jewish Advocate reported. Most frequent were the scrawlings of swastikas and graffiti such as "Hitler should have burned all Jews," "Jews should be buried," "Kike" and "Kill Jews," found on homes, synagogues, businesses, schools,

and public transportation facilities.

Ms. Feinberg reported that Zakim said one of the factors responsible was "the economic tension in the country which contributes to the desensitization of many people to these acts."
