

FRANCE IS AGAINST GOLAN ACTION

PARIS (WNS) -- Calling Israel's annexation of the Golan Heights "scandalous, unacceptable, indefensible," French Foreign Minister Claude Cheysson said that France considers the Israeli action on the Golan as "null and void."

Cheysson added, however, that France had refused to vote for sanctions against the Jewish State in the recent session of the United Nations Security Council because the Knesset decision is not threatening world peace. Cheysson, speaking at a press conference here, reiterated President Francois Mitterrand's decision to improve relations with Israel and "help along with the peace process."
