accomplishing any constructive purpose."

She continued in her strong criticism: "We oppose the use of the UN involved here because this body was and is meant to be devoted to building peace and security, and this draft resolution seeks neither. Instead it uses this body as an instrument to deepen divisions and exacerbate conflicts. We oppose this draft resolution because, like any other cynical use of power, it will leave this body weaker than it already is, less fit to achieve its noble aims...."

Referring to the intransigence of the Syrian regime, she declared that "there is no one in this hall who does not know which party has refused to negotiate peace or even to accept resolution 242. Yet the resolution before us today and the speeches we have heard take no account of this reality..."

She made it plain to everyone present that the real culprit in this whole Golan affair is Syria's Assad. She did not mince any words. She came right out with it.

What a different picture we have of Caspar Weinberger! What a pitiful role he played in

Riyad and Amman! Fahd and Hussein surely must have laughed behind his back. May the U.S. never sink so low again!  
Repair your fences, Washington! Take heed!

**LABOR PARTY REJECTS UNITY**

TEL AVIV (WNS) -- Labor Party chairman Shimon Peres has rejected Premier Menachem Begin's latest offer to form a national unity government because he believed that before there could be any talks of such a government there had to be a debate on a joint policy.

Peres said that he would not disclose the details of the response to the offer which he delivered to Begin until Begin had time to study it. Peres received the offer for the national unity government from Begin in the form of a "Dear Shimon"

letter. It said that inasmuch as Labor supports the autonomy plan, there is a clear basis for cooperation between Labor and Likud in a national unity government, at least for the five year period during which autonomy would be in effect on the West Bank and Gaza Strip.

While Labor supports autonomy in principle, it does not subscribe to Begin's version of it. Peres noted that "at the moment there is a Likud autonomy plan which is merely on paper."

VIENNA (WNS) -- The District Attorney's office in Innsbruck has suspended an investigation on Franz Hausberger, the mayor of the skiing resort of Mayrhofen in the Tyrol, who has been a member of the infamous First SS Infantry Brigade.
