Dear Sir:

We are deeply disturbed that our Congressmen would ever consider approving a proposal by the

I have worked and payed into this system for over 42 years, and to think it could be taken away from me by some Irresponsible Legislators is ap-

palling, to say the least. Why do we continually have to fight for what is rightfully ours? Why is this Administration constantly trying to hurt the working man or woman?

Sincerely,
Mr. & Mrs. Irwin Brent
