

### CABINET BLASTS WEINBERGER

JERUSALEM (WNS) -- The Cabinet accused United States Defense Secretary Caspar Weinberger of paying "lip service" to Israel's security while advocating the sale of advanced American weaponry to "the enemies of Israel" -- Jordan and Iraq.

At the Cabinet meeting it was reported that Premier Menachem Begin assailed Weinberger for saying that the sale of sophisticated weaponry to Jordan was in the strategic interests of the U.S. Weinberger made these remarks at a luncheon of the Foreign Policy Association in New York.

Weinberger reportedly said that Jordan needed American weaponry because it was squeezed between hostile Syria and Iran. According to the Cabinet Secretary, Begin told the ministers, "I am sorry to say this is a misleading statement." He claimed that Jordan was not squeezed because Iran is not a neighbor and the two countries are separated by a large desert and the territory of Iraq.

According to Begin, Jordan decided of its own accord to join Iraq in an aggressive war against Israel. "The real reason which moved Jordan to ask for modern sophisticated weapons from the U.S. is neither Syria nor Iran, but Israel," Begin reportedly said. He added: "It is true that lip service has again been paid to assuring the so-called edge

of Israel. But how can it be maintained if only a score of miles separate Jordan, equipped with, in addition to Soviet weapons, the most sophisticated American tools of war, from the centers of Jewish population."

The Cabinet communique issued later echoed Begin's remarks.

### ISRAEL GETS AID

WASH. (WNS) -- The State Department has decided to release the remaining half of Israel's economic aid for the 1982 fiscal year, Sen. Arlen Specter (R. Pa.) announced.

Israel will now receive some \$400 million due it. According to an amendment to the Foreign Aid Appropriation bill

adopted last December, Israel was to get all the \$806 million "no later than 30 days" following the enactment of the legislation.

But the U.S. followed its usual pattern of disbursing half the

sum at that time. Specter, who inserted the amendment to the appropriations bill, said this was done so Israel would not have to increase its short term borrowing at prohibitive high interest rates.
