Singer, Songwriter, Movie - Star Mac Davis, along with comedian Tom Dreesen are appearing nightly in the Celebrity Room of the MGM Grand Hotel through September 22nd.

Mac just finished a starring role in a new motion picture called "The Sting II." Insiders around the Universal Studio movie lot, in Hollywood, say the picture will be one of the best of next year and it will open up a whole new career for the superstar songwriter. (It will be released in Feb. 83).

Between movies and appearance dates, Mac has also found time to record two new albums. One, "Midnight Crazy," was released a few months ago. The second was just completed a few weeks ago and will be released before the first of the year.

Opening the show for Mac, is comedian Tom Dreesen. Tom writes his own material based on his family, his upbringing and his career. He's a craftsman whose delivery and timing, combined with his absolute warmth and friendliness has made him one of the
