## "EMPLOYEE OF THE MONTH" At I.P.

CECIL TUBBS and TONY TOMASELLO were singled out for commendation when their alertness led them to apprehend a "cat burglar." Though security is always tight at the Imperial Palace, with a guard on duty at night to restrict access to the tower elevators to guests, there was a troubling rash of burglaries that went on approximately a month. Tubbs and Tomasello outwitted the professional con artist by precisely following procedure set by Arvie Kelley, Chief of Uniformed Security. Charges are pending against the burglar, so details of how they apprehended him must remain confidential at this time.

Tubbs has been on the security force a little over three years, while Tomasello will be with the IP for three years in July.

As Employees of the Month, each received a U.S. Savings Bond, dinner for two at the restaurant of their choice in the hotel, and a color portrait.
