

Mountain Meeting Brings Reunion At The Top

Klamesha, N.Y...These women are proven leaders: All have been presidents of the largest women's volunteer organization in the world and have raised and spent millions of dollars in health, education and land-reclamation programs. They are conferring at the annual Midwinter Meeting of the National Board of Hadassah at the Concord Hotel. President Frieda S. Lewis, of Great Neck, N.Y., is standing. The past presidents, left to right are -- Dr. Miriam Freud-Rosenthal, who persuaded Marc Chagall to make the stained-glass windows of the Twelve Tribes of Israel for the Hadassah Hospital Synagogue in Jerusalem; Bernice S. Tannenbaum, currently chairman of the World Zionist Organization, American Section; Rose E. Matzkin, in whose administration the reclaimed Hadassah University Hospital on Mount Scopus was reopened; and Charlotte Jacobson, who is now president of the Jewish National Fund and chairman of the upcoming national Hadassah convention in San Francisco, August 26-29.

Sisterhood To Be Messengers

One of the more delightful Jewish customs is that of giving "Shalach Mones" at Purim time. Gift packages containing a variety of foods and bakery items are given to friends and relatives.

Traditionally a "shliach" (messenger) such as a child, spouse or friend does the delivery for you.

This year the Sisterhood of Congregation Shaarei Tefilla, the Orthodox synagogue, will be preparing packages and will be happy to serve as your messenger. For \$3.50 per package the Sisterhood will prepare a gift basket of goodies including home made delicacies and will deliver it for you to your family and friends.

Orders must be received by Monday, March 12th and will be delivered on Friday, March 16th. Please phone Bella at 734-2999 or Gloria at 871-8498 to make all the arrangements. Everyone would be pleased to be remembered in this traditional manner.

Mens Club News

By Herb Brown

There are many musicians in an orchestra playing their instruments in harmony with each other, striving to accomplish one thing, and that is to make their music sound the best ever, and so it is with THE NEVADA DEVELOPMENT AUTHORITY -- THEY DON'T play music, but they are trying to please us so that we taxpayers could listen to a better tax tune to listen to at tax time.

The N.D.A. as told to the Mens Club recently by MR. JERRY SANDSTROM, its associate director, is NEVADA'S CHAMBER OF COMMERCE, and one of its prime functions is to lure business here. Its track record to date is very good in 1983 - 19 new companies were opened here creating jobs for 920 people with a total payroll of \$16,131,000. The goods and services bought here totalled \$5,240,000, employee economic input was \$37,101,300, and the total new business taxes paid in Nevada were \$1,397,050. Presently NDA is working with over 300 diverse companies ranging from very small to Fortune 500 types covering such categories as manufacturing, servicing, and high technology. I'm certain you'll agree that this is a very impressionable record and one that the NDA should certainly be proud of.

To further its aggressive talents and to also benefit us in Las Vegas, its working feverishly to get an accredited Engineering school and Computer Science Academy building for UNLV. Big business needs engineering talent to draw from if its to settle here. Mr. Sandstrom feels confident that this will come about sometime in 1987.

Our hats off to NDA and we wish them all the best of luck -- this is one outfit we really need in Southern Nevada.
