**Emigration Plumets to Lowest Figure Recorded**

NEW YORK — The Soviet Jewry Research Bureau of the National Conference on Soviet Jewry (NCSJ) reported today that only fifty-one Jews were permitted to emigrate from the Soviet Union in March, the lowest monthly figure since the movement began in the late sixties. According to the Bureau's Chairman, Charlotte Jacobson, "This is a shocking development that must not go unnoticed. Soviet au-

thorities may have taken a radical step which will affect relations with people in the West. Over the past year and a half," she noted, "the monthly noted, "the monthly average has been about one hundred people."

The National Conference on Soviet Jewry is the central coordinating agency for policy and action in this country on behalf of more than two million Jews in the Soviet Union.

**ADL "Outraged and Revolted"**

NEW YORK, N.Y. — The Anti-Defamation League of B'nai B'rith today said it was "outraged and revolted" by the Palestine Liberation Organization attack which wounded some 50 people in Jerusalem, urged an international quarantine of the P.L.O. and called upon the U.S. Administration "to state clearly that it will have nothing to do with the P.L.O., whether in open negotiations or in secret meetings."

In a statement issued by Kenneth J. Bailkin, national chairman, ADL said the P.L.O. must be denied participation in world forums and their financial sources cut off.

The complete statement follows: "The Anti-Defamation League of B'nai B'rith is outraged and revolted by the latest P.L.O. terrorist attack on the streets of Jerusalem which wounded some 50 men, women and children. As we have urged in the past, we call upon the world community, led by the United States, to quarantine the P.L.O. terrorists, to deny them participation in world forums and to see to it that their financial sources are cut off. Those who support the terrorists and give them aid and comfort must be made to realize that they can no longer do so with impunity.

"The Administration has spoken out repeatedly against the dangers of terrorism. We call on the Administration to state clearly on this sad occasion that it will have nothing whatever to do with the P.L.O., whether in open negotiations or secret meetings."
