The Jewish National Fund has been involved in land purchases and reclamation on behalf of our people since 1901. The Jewish National Fund lays the groundwork for life and for living in Israel by preparing land for road building, settlement, and perhaps most important, cultivation. While the Holocaust represents death and destruction, the Jewish National Fund is its antithesis. By planting trees - millions to date - Jewish National Fund's commitment to life and growth is fulfilled.

Please share our enthusiasm for and love of the Land of Israel. We are eager to talk about our recent trip with Jewish National Fund to Israel, where we saw and learned about firsthand so many exciting ideas and projects being implemented to enhance life in Israel. Israel is more than a notion, more than an ideal - it is a vibrant reality that we as Jews have a responsibility to know, understand, and appreciate.
