

HIAS Applauds Resubmission Of Genocide Convention To U.S. Senate

NEW YORK, N.Y. — In a statement issued recently, Rober L. Israeloff, President of HIAS (the Hebrew Immigrant Aid Society), applauded the resubmission of the Convention on the Prevention and Punishment of the Crime of Genocide to the U.S. Senate for ratification. The following is the full text of Mr. Israeloff's statement:

"HIAS is pleased that the Convention on the Prevention and Punishment of the Crime of Genocide has been resubmitted to the U.S. Senate for ratification. We urge the Senate Foreign Relations Committee to recommend the Convention to the Senate Floor and we urge the full Senate to give its approval to this important measure.

HIAS, in its work, is witness to the catastrophe and havoc visited upon the victims and survivors of the Holocaust. Still, today, we witness the broken lives of those other peoples, victims of genocide, who must attempt to mend the broken pieces of their lives in other lands, some of them here in the United States. As American Jews, we say 'never again' to such unspeakable tragedy for our own

New Year Celebration By Jews In U.S. Armed Forces

NEW YORK (WNS) — Jewish chaplains and Jews in the U.S. armed forces, their families and patients in Veterans Administration hospitals marked the Jewish New Year and the Day of Atonement, as in past years, with the help of

the JWB Commission of Jewish Chaplaincy. Rabbi Barry Greene, chairman of the Commission, said that a High Holy Days training institute was conducted by JWB in a suburb of

people. We also commit ourselves to do all in our power to prevent, for others, the occurrence of similar calamities.

America is the only NATO country to withhold its approval for the Genocide Convention. Practically all other civilized nations have joined in deploring the crime of genocide, even those in the Communist bloc. Our nation must reassert its

moral leadership and make the simple statement that these crimes against humanity will not be tolerated and will not go unpunished."

HIAS -- Hebrew Immigrant Aid Society -- is the international migration agency of the organized Jewish community. HIAS is a beneficiary of the UJA of Greater New York and Jewish federations across the country.

Frankfurt in August for U.S. Jewish chaplains on duty in Britain, West Germany, Italy and Greece. He said Chaplain Arnold Resnicoff of the Sixth Fleet provided Jewish navy personnel with prayerbooks, skullcaps, prayershaws and other supplies for those required to be on duty during the holy days period.

Greene said there are only 51 full-time Jewish military chaplains on active duty with U.S. forces and 12 more at VA hospitals, so the JWB Commission planned to mobilize 246 civilian and reserve rabbis and 240 lay leaders to conduct services at every base where Jews serve, including Korea, Japan, Guam, the Phillipines and Okinawa.
