TEL AVIV (WNS) — Seven Arab suspects have been detained by police officials accused of planning a terrorist attack on the United States Embassy here about a month ago that was foiled by Israeli security forces. The 300D: the most powerful turbodiesel in America—if not the world.

The 300D's turbodiesel engine is a direct descendant of the engine Mercedes-Benz used to power the 195-mph C-111/3 world record-breaker.

That it offers remarkable performance with frugal efficiency is extraordinary. But what makes this five-passenger automobile unique is that it is also one of the world's most civilized sedans. Superbly equipped, elegantly appointed. In short, a magnificent synergy of performance and livability.

Test-drive the 300D today.
