Friends and family were present as Rabbi Mel Hecht officiated at the dedication of a plaque in memory of Mrs. Gertrude Katzman. Mrs. Katzman, a founder of Jewish Family Service Agency, was the first recipient of the award, posthumously.

TEL AVIV (WNS) — Israel Air Force planes bombed a Palestinian terrorist base in the Bekaa valley of Lebanon, the army spokesman announced here. All aircraft returned safely to base and their pilots reported accurate hits on the base near the town of El Marj. The last time IDF warplanes attacked targets inside Lebanon was two months ago.

JERUSALEM (WNS) — For the first time since 1982 Israel will take part in Cairo's annual book fair, according to reports from the Egyptian capital. Israel was not allowed to participate in the 1983 fair because of its invasion of Lebanon in 1982. Last year, Egypt said Israel had applied too late and no stands were available.

The 300D: the most powerful turbodiesel in America—if not the world.

The 300D's turbodiesel engine is a direct descendant of the engine Mercedes-Benz used to power the 195-mph C-111/3 world record-breaker.

That it offers remarkable performance with frugal efficiency is extraordinary. But what makes this five-passenger automobile unique is that it is also one of the world's most civilized sedans. Superbly equipped, elegantly appointed. In short, a magnificent synergy of performance and livability.

Test-drive the 300D today.
