

U.S. Sued For Documents Relating To Mengele Case

NEW YORK (WNS) — A lawsuit filed in Washington seeks to compel the United States government to release four pages of classified Army intelli-

gence documents that may provide key information regarding the reported efforts by Joseph Mengele, the notorious Auschwitz doctor, to gain entry in-

to Canada in 1962. The suit, filed by Sen. Alfonse D'Amato (R. N.Y.) and Rabbis Marvin Hier and Abraham Cooper, dean and associate dean, respectively, of the Los Angeles-based Simon Wiesenthal Center, follows the release by

the Center of intelligence documents indicating that, besides attempting to obtain a visa into Canada, Mengele may also have been captured and released in an American occupation zone soon after World War II.

damage to the national security" or involve foreign government information, according to Army Intelligence and Security Command, which released the other records to the Wiesenthal Center.

D'Amato told reporters outside the U.S. District Court in Washington that the release of the four pages of documents may "provide us with new information explaining how Dr. Mengele has escaped apprehension since the end of World War II. We

need new leads." Cooper and Hier were not in Washington when the suit was filed. Mengele, known as the "angel of death" for his inhuman ex-

periments on inmates at the Auschwitz death camp, was last reported seen in the 1970s in Paraguay. His present whereabouts are

unknown. The government of President Alfredo Stroessner maintains that he has since left the country. He would now be 73 years old.

LETTERS

Dear Mr. Tell,

I would appreciate if you would publish the following letter in the "Letters to the Editor" section or in whichever section you feel is more appropriate to the content of my letter:

Are you a descendant of the Bal Shem Tov? I am a Jewish geneologist researching the descendants of the Baal Shem Tov for eventual publication. I have already well researched and documented evidence on some 2,000 descendants of the Baal Shem Tov.

I am interested in receiving correspondence from anyone who may be descended from the Bal Shem Tov. All correspondence will be answered and greatly appreciated.

Yours sincerely,

Mark Tedeschi
