**Star Wars Plan Is 'Vital' To U.S.**

WASHINGTON (WNS) — President Reagan's "Star Wars" defense plan is "vital" to the defense of Israel, a nuclear physicist who is an advisor to Reagan on

the Strategic Defense initiative (SDI), asserted.

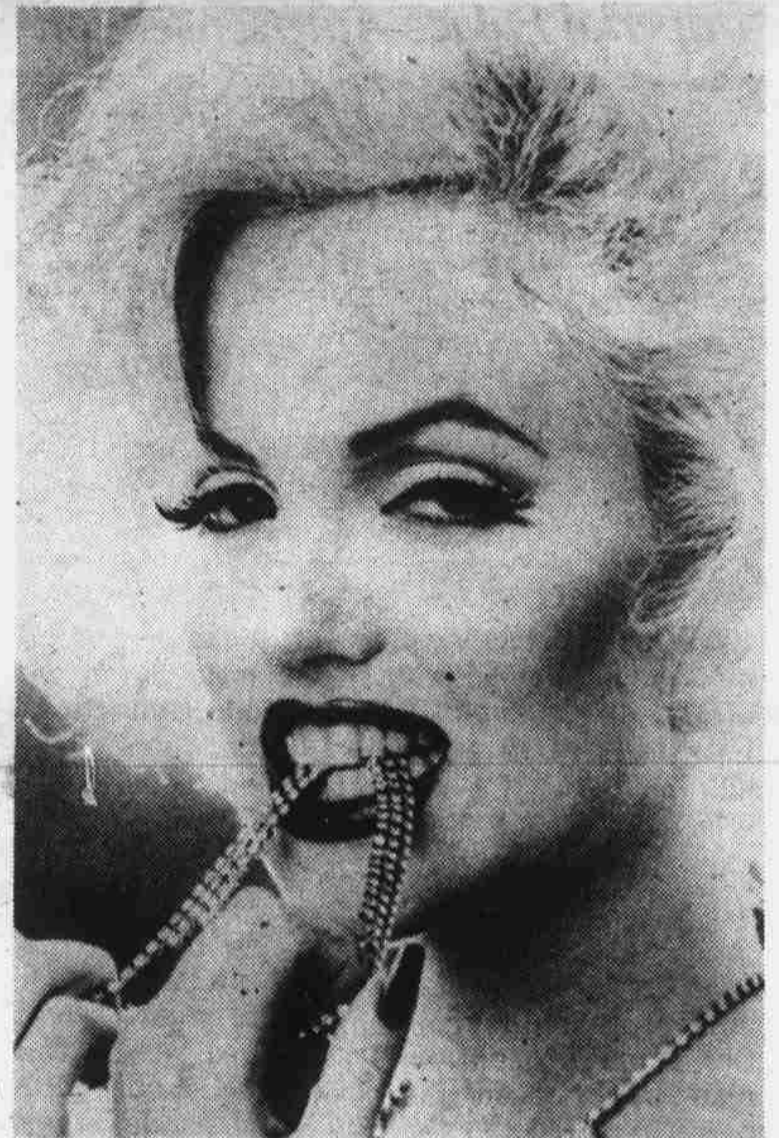

"With SDI, the deterrent force of the U.S. will keep Israel safe," Dr. Robert Jastrow of Dartmouth College, told some 160 persons attending the 7th annual dinner of the Jewish Institute for National Security Affairs (JINSA) at the Regent Hotel. "Soviet expansionism, particularly in the Middle East, will be substantially reduced."

Jastrow added that "Israel with its current defense system, could never achieve such a deterrent." Defense Secretary Caspar Weinberger, while in Europe last week for a NATO meeting, said Israel is one of the countries that would be asked to cooperate in the development of the SDI.

During the dinner, Rep. Jack Kemp (R. NY) was presented with JINSA's Henry M. Jackson Distinguished Service Award for his "outstanding defense of freedom and democracy and his commitment to the security of the U.S. and Israel."

Sol Stern was re-elected president and Herbert Fierst was re-elected chairman of the board of JINSA which was founded in 1976 to explain the links between the U.S. national security and Israel's security.

**Susan Griffiths Is Sensational  
As Marilyn Monroe In  
"Legends" At The  
Imperial Palace**

The perfect porcelain beauty of Marilyn Monroe is re-created by Susan Griffiths in the popular show "Legends in Concert" at the Imperial Palace. The production presents legendary superstars through multi-media and dazzling special effects.

Besides Marilyn Monroe, talented performers re-create Elvis Presley, Buddy Holly, Hank Williams, John Lennon, Janis Joplin, Judy Garland and John Wayne. Producer of the show is John Stuart.

Susan's appearance as Marilyn is startling. As she descends the mirrored staircase in a bright spotlight, the resemblance is so close it is uncanny, almost eerie.

The charisma of Marilyn Monroe was in her surprising contradictions. Her image was that of a sex goddess -- glamorous, voluptuous and sensuous -- but behind that image she was a sweet, naive "girl-next-door." Behind the facade of a self-assured, confident star was a delicate girl who just wanted to be loved for herself.

Susan Griffiths is an original cast member of Legends in Concert which has played at the Imperial Palace since May 5, 1983. She has made literally dozens of radio, television and personal appearances both to promote the show and to aid the many community service projects which the Legends cast has supported.

She has been seen on nationwide television on "ABC World News Tonight," "Entertainment Tonight," "P.M. Magazine," "The Merv Griffin Show," "On Stage America," and "Eye On Hollywood." She has been featured in "Platinum Magazine" and in the August 1984 issue of "Life Magazine" (with Legends' "Elvis Presley," Jonathon Von Brana).

Susan Griffiths sings two songs for which Marilyn Monroe was famous: "I Want To Be Loved By You," and "Diamonds Are A Girls Best Friend." One has to see her perform to appreciate her talent and beauty.

Showtimes for Legends in Concert at the Imperial Place are 8:00 and 11:00 p.m. nightly except Sundays. Price is \$11.95 which includes two cocktails.
