

# Luna Gal - A Water Wonderland On The Sea Of Galilee

The twisting network of water slides at Luna Gal offer children of all ages endless hours of fun and amusement. The adjacent Golan Beach Marina boasts a wide range of sports activities ranging from sailing to kayaking through lush lagoons in the Jordan Valley.

The recently opened Luna Gal - Golan Beach water amusement park and sports complex offers its guests a wide range of aquatic activities. Located on the picturesque northeastern shore of the Sea of Galilee, the site has quickly become a favorite vacation spot for tourists and Israelis alike. Founded by five area moshavim, cooperative settlements, the enterprise is the largest of its kind in Israel.

Luna Gal's colorful, high and winding water

slides are its main attractions. For the very young (or the timid) there's a mini-slide. Twin blue "hurricane" slides specialize in curves and turns. The park's crowning glories are the two "Kamikaze" water slides, 52 feet, the tallest in Israel, definitely not for the faint-hearted but are an exhilarating experience for the fearless. The all-encompassing view of the Sea of Galilee from the slide's top is a fringe benefit to be enjoyed during the short wait for a turn. The breathtaking ride down the water coated, bright orange slide lasts less than a minute but the memory lingers on. The admission fee to the Luna Gal area, allows for unlimited access to the slides and the tenth trip down is just as thrilling as the first.

Should one want a diversion from the slides, the bumper boat pool offers motorized boats which dodge and ram into each other, according to one's luck and skill.

Children can frolic for hours in a water amusement pool specifically designed for the younger set - climbing in and out of gaily colored barrels connected by nets, bobbing up and down on a bridge of plastic containers in the water. For landlubber children, there's a sandbox with large plastic structures to crawl through. Comfortable lounge chairs abound as do protective umbrellas for those who've had enough sun. Nights at Luna Gal include disco music, flashing lights and special live performances in addition to the regular daytime activities.

## GOLAN BEACH

Water sports to suit every taste are offered at the adjacent Golan Beach Marina. The extensive variety of activities makes it difficult to choose

what to do first, so one might as well bask in the sunshine on the grassy area around the lake and take a dip in the refreshing water while deciding.

If one prefers a relaxing, leisurely way to spend time on the water, a yacht cruise along the Sea of Galilee is a pleasant option - it's particularly romantic by moonlight.

For the more intrepid soul, parascending is a short but intoxicating adventure. Imagine the excitement of flying through the air, supported by a parachute as you are towed by a motorboat.

Ready to go back to the surface? There is a choice of a sedate pedal boat ride, water-skiing or windsurfing. If you've been wanting to learn the latter, this is an opportunity to benefit from the Golan Beach's professional instructors and first class rental equipment, as well as the excellent wind directions and coastline structure prevailing at the Sea of Galilee.

The multitude of services and activities at the Luna Gal-Golan Beach resort, combined with the area's natural beauty, guarantee an enjoyable vacation for all. Accommodation facilities in the area range from the nearby Ramot Holiday Village (which also offers sporting activities) to the camping sites of Ein Gev, Maagan and Haon - all located on the Sea of Galilee - and the hotels and youth hostels of Tiberias on the western side of the lake.
