Students to U.S.: Don't Arm Jordan

WASHINGTON (WNS) — Over 1,000 young American Jews studying for a year at Israeli colleges and high schools, have signed a petition calling on the U.S. to refrain from selling arms to Jordan, it was reported here by the American Israel Public Affairs Committee (AIPAC). The petition was delivered to Sen. Edward Kennedy (D. Mass.), who sent it on to Secretary of State George Shulz.

The petition drive, AIPAC said, was

organized by a dozen students at Tel Aviv and Hebrew Universities who had participated in Israel-based Political Leadership Training Seminars sponsored by AIPAC. The petition was circulated over the entire country in less than a week's time. Its signers included residents of all 50 states.
