

## Howard Hughes' Chrysler On Display In Imperial Palace Auto Collection

Howard Hughes' 1954 Chrysler New Yorker is one of more than 200 antique and classic automobiles on display in the Imperial Palace Auto Collection.

The billionaire recluse, Howard Hughes, bought a 1954 Chrysler New Yorker brand new and immediately had it altered to his peculiar specifications. Because he had a phobic fear of germs, he had a \$15,000 air purification system installed and had all but the driver's window permanently sealed. The unique purification system is intact in the trunk today. At the time of his death, the car was still titled to Hughes Productions in Florida. The odometer registers just 1,533 miles.

Hughes' Chrysler is one of more than 200 cars on display in the multi-million dollar Imperial Palace Auto Collection. Among antiques and classics are also cars once owned by historical figures including Adolf Hitler, Al Capone, the King of Siam, Eleanor Roosevelt, and a parade phaeton used by President Eisenhower.

The Collection, located on the fifth floor of the hotel's parking facility, is open daily from 9:30 a.m. to 11:30 p.m.

## Don't Miss "Jubilee!" At The MGM

"Jubilee!" is presented twice a night, at 7:30 and 11, every night but Wednesday, when the showroom is dark.

Steven was not able to return to Israel to plant trees at the time of his Bar Mitzvah, but he did the next best thing. At his father's suggestion, Steven's Bar Mitzvah invitation included an unusual addition to the standard Text: "Steven requests that gifts be sent to the Jewish National Fund for trees to be planted in Israel in memory of his mother, Ellen Gail Kustin."

Steven hopes that his idea will start a trend, and that other youngsters will have trees planted in Israel through JNF instead of gifts for their Bar and Bat Mitzvahs. "This custom," he says, "would do a number of good things: it would help Israel and make it a little greener, it would
